May	10	<i>Friday</i> —Senior Day.
	14	<i>Tuesday</i> —Reading Day.
	15-22	<i>Wednesday through Wednesday</i> —Second Semester Final Examinations.
	26	<i>Sunday</i> —Commencement.

General Statement**AIMS OF THE COLLEGE**

The purpose of Wofford College is to function as a liberal arts institution of superior quality. Its chief concern is the development of an intellectual, spiritual, and aesthetic atmosphere in which serious and inquiring minds of students and faculty alike will be challenged to a common search for truth and freedom, wherever that search may lead, and in which each person may become aware of his own individual worth while aspiring to high standards of learning and morality.

In such an environment all members of the Wofford community should develop intellectual curiosity, independence of thought, maturity of judgment, self-discipline, religious faith, and moral character so that they will be ever sensitive to the duties and responsibilities of good citizenship and render effective leadership and generous service to the communities in which they live.

This concept of liberal education is in harmony with the ideals of the Methodist Church, to which the college is related, and should lead to a Christian philosophy of life among all who study and teach and work here.

Adopted by the Faculty, September 10, 1965, and the Board of Trustees, October 5, 1965.

DEGREES

Wofford College is the South Carolina Methodist College for men.

The College grants the degrees of Bachelor of Arts and Bachelor of Science. The College also confers the honorary degrees of Doctor of Divinity, Doctor of Laws, Doctor of Letters, Doctor of Literature, and Doctor of Science.

THE EDUCATIONAL PROGRAM

Beginning with the 1967-1968 session the academic year will be divided into three parts: a fall semester of four months; an interim consisting of the month of January; and a spring semester of four months.

During the interim each student will undertake one full-time activity—either an independent project under the supervision of a faculty member, or participation in a course or seminar especially designed for the interim. These activities

Main Building—
classrooms, faculty offices,
auditorium, chapel

Wightman Hall—
dormitory, cafeteria, canteen

DuPre Hall—dormitory

will make it possible for unusual and experimental kinds of work to be done, such as off-campus research and interdisciplinary courses, as well as more traditional kinds of study.

For completion of each interim activity, four semester hours will be awarded. Grades of "fail," "pass," and "pass with honors" will be used. A failure may be made up by special summer-school work. Each student must complete one interim activity for each year at Wofford after 1966-1967.

Detailed plans for the activities of the interim will be prepared and published by the Faculty Committee on the Interim, in cooperation with the Dean of the College.

HISTORY

The Reverend Benjamin Wofford, a local minister of the Methodist Episcopal Church, South, died in the town of Spartanburg, S. C., December 2, 1850. He left in his will a legacy of one hundred thousand dollars to the South Carolina Conference "for the purpose of establishing and endowing a college for literary, classical, and scientific education, to be located in my native district, Spartanburg." One-half of the amount was to be laid aside as a permanent endowment.

A charter was given by the Legislature of South Carolina, December 6, 1851. Suitable buildings having been erected, a president and professors were elected November 24, 1853, and the College was opened August 1, 1854. Since that time it has never been suspended, though for a period during the Civil War it was not above the grade of a classical school. At the close of the war, college classes were again organized.

The donation of Benjamin Wofford was exceptionally large at the time it was made. No Methodist in America had given so large an amount to religious or educational objects. The will of the founder was clear, so that no difficulty or doubt has arisen in carrying out its few details.

Measures were taken immediately after the opening of the College to add to the endowment, and they were meeting with a large and gratifying success when interrupted by the War Between the States, 1861-'65. In the general wreckage of the war the endowment was swept away, leaving to the College only its grounds and buildings. The South Carolina Conference, however, liberally made arrangements to meet the emergency and, by an annual assessment, kept the College

Milliken Science Building—

Fraternity Row—
seven national fraternities

Shipp Hall—dormitory

Greene Hall—
dormitory

from closing its doors. This assessment has been increased from time to time as the needs of the College required and has become a fixed source of income. In the meantime, since 1870, efforts have been made to restore and add to the endowment, and through the liberality of the people of the City of Spartanburg and of the State, together with the generous co-operation of the General Education Board, Mr. B. N. Duke, Mr. Andrew Carnegie, and Mr. S. Clay Williams, the resources and endowment have steadily increased.

LOCATION AND SURROUNDINGS

The College is located in the City of Spartanburg, which, with an altitude of nearly 900 feet above sea level, possesses an unusually healthful climate. Spartanburg has also been long noted as a community with an exceptional social, intellectual, and religious atmosphere. Though a modern commercial city, it still retains the cultural advantages of a college community, offering from time to time opportunities for hearing outstanding leaders of the nation in the intellectual and artistic world.

The College campus consists of about seventy-five acres.

BUILDINGS

Wofford College is proud of its physical plant which consists of twenty-nine buildings, a stadium, several playing fields, and other athletic facilities. In the past few years, six new structures, including two residence halls which contain individual sleeping-studying rooms, have been built. Two other buildings have been completely reconstructed. Some of the structures are depicted in the catalog.

THE WHITEFOORD-SMITH LIBRARY

The Library consists of approximately 85,000 volumes, not including pamphlets and some unbound files of magazines. The collections of the South Carolina Conference Historical Society of the Methodist Church, embracing a large amount of original manuscript material, are separately catalogued and housed in the Library.

Students and Foreign Study and the Dean of the College. Specific courses that the student plans to take must be approved by the Dean of the College and the chairman of the department in which the student is majoring. After credits and grades are evaluated by the Registrar and Dean of the College, as much as thirty semester hours may be granted for a year of full-time acceptable work. Proportionate credit will be granted for less than fulltime work.

ARMY RESERVE OFFICER TRAINING CORPS

General

The Army Reserve Officer Training Corps (ROTC) at Wofford College is one of the oldest ROTC units in the South. It was established during the 1919-1920 school year under authority granted by Congress in the National Defense Act of 1916. Any student entering Wofford College has the opportunity through ROTC to earn a commission as a Second Lieutenant in the U.S. Army Reserve. Originally all students were trained and commissioned in the Infantry, however the General Military Science Curriculum now offered provides an opportunity for graduates to be commissioned in any branch of service of the Army except the Medical Corps, the Chaplains Corps, and the Judge Advocate General's Corps. Many Wofford ROTC graduates do earn a commission in one of these three specialized fields by graduating from either a school of medicine, theology or law.

Course of Study

General—The Military Science Curriculum is a four-year program which is divided into two courses of two years each; these are the Basic Course for Freshmen and Sophomores and the Advanced Course for Juniors and Seniors. Both courses stress leadership training of the individual in order to better prepare the student for either a civilian or military career.

Basic Course—The Basic Course is general in nature and is intended to provide the student with a basic knowledge of the functions, responsibilities, organization, and history of the Army. It also provides the student with some of the basic skills that a soldier normally acquires during Basic Combat Training.

Advanced Course—The Advanced Course is more comprehensive and detailed in scope than is the Basic Course. It prepares the student for the responsibilities and obligations he incurs when commissioned a Second Lieutenant. Admission to the Advanced Course is very selective and highly competitive; all who apply are not always accepted.

ROTC Activities

In addition to normal classroom and leadership laboratory activities the ROTC has several extracurricular activities that it sponsors. These activities include the ROTC Rifle Team, the Morgan Rifles Drill Team, the ROTC Band, a Counter-insurgency Company, and a chapter of the National Military Honor Society of Scabbard and Blade.

Enrollment Requirements

Enrollment in the ROTC at Wofford is entirely voluntary. Applicants must pass a physical examination prior to their final enrollment in either the Basic or Advanced Course. At the time of acceptance, Basic Course students must have reached fourteen (14) years of age, and Advanced Course students must be able to qualify for appointment as a Second Lieutenant prior to reaching twenty-eight (28) years of age.

Draft Deferments

Enrollment in the ROTC does not in itself act as a deferment from Selective Service. The Professor of Military Science is authorized, however, to sign "Deferment Contracts" with eligible students. Deferments will not be issued to Freshmen students until after successful completion of one semester. To be eligible for deferment a student must be in good standing in both his academic and military courses. Deferments in effect will be reviewed periodically to ascertain whether the student is entitled to retain his deferment.

Army ROTC Scholarship Program

The United States Army offers financial assistance in the form of four-year and two-year scholarships to outstanding young men who are interested in the Army as a career. Each

scholarship provides for free tuition, textbooks and laboratory fees in addition to pay of \$50 per month for the period that the scholarship is in effect. Four-year scholarships are open to all students entering Army ROTC as freshmen, while the two-year scholarships are restricted to those students who have completed the first two years of ROTC and are selected for enrollment in the ROTC Advanced Course.

Physical Education

All students are required to take two years of physical education or the two years of the basic ROTC course. A sound body, as well as a trained mind, is an essential part of the student's equipment not only for military service, but also for life as a whole.

Admission To College

Applicants may qualify for admission to the College as members of the Freshman class or as students with advanced standing. Since the enrollment of students is limited, the Committee on Admissions will restrict its selection of students to those who, in its opinion, are best qualified to benefit from the educational advantages which the College offers.

APPLICATION FOR ADMISSION

Application for admission to the College should be made to the Director of Admissions, Wofford College, Spartanburg, South Carolina. Application forms will be sent on request. The Personal Information Folder must be accompanied by a \$15.00 application fee which is non-refundable. No additional payment will be required until May 1 when a non-refundable deposit, \$50.00 for boarding students, \$25.00 for commuting students, will be due. This deposit will be credited to the student's account and will be deducted from the semester's comprehensive fee due at the time of registration in September. If possible the completed application should be in the hands of the Committee on Admissions approximately

six months prior to date on which the applicant wishes to enroll. Therefore, applicants for admission to the Freshman class in September are urged to take the Scholastic Aptitude Test of the College Entrance Examination Board in December or January of their senior year of high school. Students with excellent high school records may secure early approval of their applications by taking the Scholastic Aptitude Test not later than the summer preceding the beginning of their senior year.

GENERAL REQUIREMENTS

Admission to Wofford College is dependent upon the ability, attainments, and character of the applicant. Each applicant must furnish the Committee on Admissions a complete record of his work in secondary school or college, the required medical certificate, the personal information folder, and satisfactory evidence of good character and ability. Students are admitted to Wofford College by one of the following methods:

I. Graduation From A Secondary School

1. He must be a graduate of an accredited school or the equivalent and must submit sixteen acceptable units of secondary school subjects, including four units in English, one unit in mathematics, two units in Foreign Language, and one unit in a laboratory science. For applicants who are otherwise strongly recommended by their secondary schools, the Foreign Language requirement may be waived by the Committee on Admissions.
2. He must be recommended by his principal and/or guidance counselor.
3. He must achieve a satisfactory score on an entrance examination. (See Entrance Examinations page 21.)

II. Admission By Examination

In cases of unusual merit, an applicant who presents fourteen acceptable units for admission and is recommended by his principal, but who is not a graduate of an accredited school, may qualify by a superior score on the entrance examination and such other tests as the college may prescribe.

III. Transfer From Another Institution Of Higher Learning

Candidates submitting evidence of studies successfully pursued in another institution of higher learning are eligible for admission with advanced standing, provided they are eligible for readmission to the institution last attended and meet the regulations governing readmission of students to Wofford College.

Applicants for admission who have attended other colleges must submit complete records of all high school and college work to the Committee on Admissions. Failure to submit such records may constitute cause for dismissal from the College.

The basic degree requirements stated in the Wofford College catalog in effect at the date of enrollment must be scheduled before enrollment in other courses is requested.

The grade-point ratio required for graduation from Wofford College is 2.0, which grade-point ratio is calculated by dividing semester hours *attempted* into quality points *earned*.

DEFINITIONS

Semester hours *attempted* shall include all semester hours attempted at Wofford College plus all semester hours attempted at other institutions where grades of A, B, C, or F were earned in courses declared by the Wofford College Registrar to be comparable to courses in the Wofford curriculum.

Quality points *earned* shall include all quality points earned at Wofford plus those earned at other institutions in courses approved for transfer to Wofford on which a grade of C or above was earned, up to but not exceeding twice as many quality points as semester hours charged as attempted at other institutions. Courses on which a grade of D was made at other institutions are not accepted on transfer; and the semester hours and quality points earned in such courses shall not be included in calculating the grade-point ratio required for graduation at Wofford. (In a year course, a grade of D on one semester may be averaged with the alternate semester grade of B or A to constitute a C average for both semesters of such year course, and in such cases the semester hours and quality points shall be accepted and credited as though both grades were C.)

These regulations in no way limit or exempt transfer students from other regulations of the catalog.

Substitutions for required courses offered by transfer students must be approved by the chairman of the department concerned and the Dean of the College.

The maximum amount of credit acceptable from a junior college is sixty-two semester hours, exclusive of credit in basic military science or physical education.

No credit is given for work by correspondence, and not more than six semester hours of credit are allowed for work done by extension. Any extension work accepted must be specifically approved by the Dean of the College.

The senior year of work (30 semester hours) must be completed at Wofford College.

IV. Readmission Of Former Students

A student who desires, following withdrawal from college to return to the College and complete the requirements for a degree must apply for readmission to the Committee on Admissions. If a student during his absence from the college has completed any undergraduate work in another institution, he must submit an official transcript of such work, together with a statement of honorable dismissal from that institution.

PRELIMINARY TESTS AND EXAMINATIONS

During the week immediately preceding the opening of college, all Freshmen are given placement tests, on the basis of which they are assigned to proper sections in chemistry, English, mathematics and foreign languages. The complete test data become the basis for individual counseling with the student with respect to academic and personal adjustments.

ADVANCED PLACEMENT PROGRAM

Exceptionally well-prepared high school seniors who plan to enter Wofford College should confer with their principal or guidance counselor as to the possibility of taking examinations in fields of special proficiency in the Advanced Placement Program administered by the College Entrance Examination Board of Princeton, New Jersey.

Based on satisfactory performance on these examinations, as determined by the subject matter department concerned, advanced placement and college credit at Wofford will be awarded.

ENTRANCE EXAMINATIONS

All candidates for admission as beginning freshmen and all transfer candidates with previous college attendance are required to stand the Scholastic Aptitude Test of the College Entrance Examination Board and make a satisfactory score. Applicants are also advised that some colleges to which they may apply require certain of the College Board Achievement Tests. These tests are administered five times a year at numerous centers and locations over the nation and in foreign countries by the College Entrance Examination Board.

Applicants for admission to Wofford College should carefully note that they make application for the entrance examination *not to the Office of Admissions at Wofford College but to the College Entrance Examination Board at the address given below*. All other application forms should be obtained from the Office of Admissions at Wofford.

High school students should secure from the principal or counselor's office a College Entrance Examination Board *Bulletin of Information* with an application blank. In the event that this *Bulletin of Information* with application blank is not available at the high school, or if an applicant is not now in high school, he should request this material from College Entrance Examination Board, P. O. Box 592, Princeton, New Jersey, 08540.

The completed application and fee must be sent to the College Board at the same address.

As will be noted in the *Bulletin of Information*, closing dates for making application for the tests are approximately one month prior to the date of examination.

The Board will report the results of the tests to the college approximately one month after the testing date.

If the entrance examination has been taken previously, applicants should request that the College Board forward their scores to the Director of Admissions at Wofford College.

Summer School

DATE

The Wofford College Summer School begins on Monday, June 12, and ends on Friday, August 18. The session is divided into two terms of five weeks each. Registration for the first term takes place on Monday, June 12, beginning at 9:00 A.M. Instruction begins on Tuesday, June 13, at 8:00 A.M. Registration for the second term takes place on Monday, July 17.

PURPOSE

The Wofford College Summer School is planned (1) to aid the students now in college and high school graduates entering the College in June to accelerate their program of work and (2) to meet the demands of teachers who desire to take courses for certification credit.

ADMISSION

Applicants for admission must have completed a high school course.* A student who wishes to enroll for the accelerated program must fulfill all requirements for admission as outlined on pages 17-21.

CREDITS

Courses are given five periods a week, Monday through Friday, during each term and carry a credit of three or four semester hours each. The length of the class session is one hour and fifty minutes. The maximum credit a student may earn during a term is seven semester hours.

Various state boards of education have different rules for granting professional credits toward teachers' certificates, and teachers should acquaint themselves with these rules before enrolling in the summer school courses. The State Department of Education in South Carolina has made a complete revision of certification requirements. The new requirements specify in some detail the educational training for certification. It should be noted that these requirements include professional courses in education and specialized training in content or subject matter.

For further information consult the Dean of the College.

*Other specific requirements and procedures may be found in the Summer School Number of the Wofford College bulletin.

General Academic Regulations

The academic year is divided into two semesters. The official College calendar is printed in the front of this catalog. All students are expected to be present on the dates indicated unless special exceptions are granted by the Registrar.

MATRICULATION, REGISTRATION, AND ENROLLMENT

Registration and matriculation take place in Main Building at the beginning of each semester. All students must register on the date prescribed in the College calendar. All students are required to matriculate at the beginning of each semester and to obtain from the Controller a receipt. No student is permitted to register later than one week after the opening of either semester. Details concerning registration for the Interim will be announced in September.

Freshman and Sophomore schedule cards must be approved by their faculty advisers. Junior and Senior students' schedule cards must be approved by the chairman of the department in which they are majoring. All student schedule cards calling for more or less than the normal course load (See pages 25 and 26 for normal course load) must be approved by the Dean of the College.

REGULATIONS REGARDING GRADES

Grades shall be reported on courses taken in one of the semesters so as to indicate one of four things:

PASSED.—A grade of "A," "B," "C," or "D" shall indicate that a student has passed a course. The work is graded according to the following system: "A," excellent; "B," good; "C," fair; "D," passable.

FAILED.—A grade of "F" shall indicate that the student has failed the course and that, in order to receive credit for the course, he shall be required to take the work again.

INCOMPLETE.—A grade of "I" shall indicate that the instructor, because the student has not completed all the work required in the course though he has passed the examination, is unable to report the final grade at the regular time.

All grades of incomplete must be made up not later than

the date set for instructors to submit mid-term grades in the semester immediately following, except in extremely extenuating circumstances with the approval of the instructor and the Dean of the College. Students with an incomplete who fail to satisfy this requirement will be regarded as having failed on the course concerned and must repeat the course in order to receive credit.

Only grades of "Pass," "Pass with Honors," and "Fail" are given for work done during the Interim.

ABSENT FROM EXAMINATION.—A grade of "X" shall indicate that the student was absent from the examination.

A student absent from examination and marked "X," if his absence has been excused by the Dean of the College, may receive an examination on the payment of a fee of \$5.00 to the Controller of the College. The Dean shall arrange with the department concerned for this examination, which must be taken by the student before the close of the semester following the date of the examination in which the "X" was incurred. Otherwise, the grade for the course shall be recorded as "F." If a student's absence from an examination is not excused by the Dean, the grade for the course concerned shall be recorded as "F."

REGULATIONS FOR DROPPING COURSES

The procedure for dropping a course is as follows:

1. Obtain written approval from the instructor and present this to the Dean of the College for his approval.
2. Take written approvals to Registrar.

The grade in a course dropped for any reason, including withdrawal from the College, shall be WP or WF as determined by the instructor. Normally a WP will not be granted by an instructor to a student who withdraws voluntarily from a course after the date when mid-semester grades are due at the Registrar's office, but a WF will be awarded in such cases. Granting of a WP after mid-semester by the instructor will normally be reserved for extremely extenuating circumstances, such as prolonged illness or other emergencies over which the student has no control, so that serious students will not be penalized for necessary but late withdrawals. A grade of WF shall be counted as an F in establishing a student's grade-point ratio.

EXAMINATIONS

Final examinations in all subjects are held in December and May, respectively. The examination record combined with the record made in class constitutes the student's final grade.

EXPLANATION OF QUALITY-POINT SYSTEM

A certain quality-grade is required for graduation and, for the purpose of determining this quality-grade, numerical values called points are given to the grade letters as follows: for grade "A," 4 points for each semester hour of credit; for grade "B," 3 points; for grade "C," 2 points; for grade "D," 1 point.

To obtain a student's grade-point ratio, the total number of semester hours taken including all grades of "F" is divided into the total number of quality points earned.

The term "average grade of 'C'" means that the student has twice as many quality points as semester hours taken.

Hours attempted and earned in the Interim period are not used in the calculation of grade point ratio. The hours earned are credited toward the 126 semester hours required for graduation.

REPEATING COURSES

No course passed at Wofford College may be repeated for additional semester-hour or quality-point credit.

CLASS STANDING

For a student to rank as a Sophomore, he must have to his credit a minimum of *twenty-four* semester hours and *forty-eight* quality points; as a Junior, *fifty-six* semester hours and *one hundred and twelve* quality points; as a Senior, *ninety-two* semester hours and *one hundred and eighty-four* quality points.

AMOUNT OF WORK

Exclusive of basic ROTC 1-2, 51-52 or Physical Education 1-2, 51 or honors courses, no student may take less than twelve semester hours per semester without special permission from the Dean of the College. A student may take 6 courses (exclusive of ROTC 1-2, 51-52, P.E. 1, 2, 50, 51) if his average

grade of the preceding semester is "C" or above, or, if by taking 6 courses (exclusive of those listed above), a student may graduate at the end of the current semester. Under no condition may a student take more than this amount of course work.

The total amount of work that a student may take in any one department toward the Bachelor's degree is limited to a maximum of thirty-six semester hours. For purposes of determining this requirement, German and Romance Languages are regarded as separate departments. Required Freshman and Sophomore courses shall not be included in the thirty-six semester-hour limit.

After the final date for registration, a student may not remain in college if his semester hours are reduced, voluntarily or involuntarily, below twelve without special permission of a committee consisting of the Dean of the College, the Dean of Students and the Registrar.

LIMIT ON FINAL WORK FOR GRADUATION

Not more than eight semester hours of work may be taken in another institution of approved standing as the final work necessary for graduation, and this work of Senior grade must first be approved by the Dean of the College.

REGISTRATION FOR LESS THAN NORMAL WORK

A student reported to be in poor health or engaged in outside work that demands much of his time may not register for the normal load of work unless his average grade for the preceding semester is "C" or above.

SUMMER SESSION ELSEWHERE

Wofford students desiring to attend summer school in another college must secure advance approval of the Registrar and of the chairmen of the departments in which the student desires to take such courses.

AUDITING COURSES

A student who wishes to audit a course may do so on securing the consent of the instructor and Registrar. No attendance record of the student is kept, and he may not receive credit for the course.

HONORS COURSES

A senior student may, at the discretion of the Curriculum Committee and the Faculty, be allowed to carry an honors course during the regular academic year. Honors courses are subject to the following regulations:

1. Any honors course may count as part of the major requirement in any field.

2. A student shall be allowed to participate in an honors program only upon invitation by his major department.

3. Only students with an overall average of "B" in all courses and no grade less than "B" in his major field shall be eligible to receive an invitation. Upon mutual consent of department and student, the department shall submit to the Curriculum Committee a request that the student be allowed to participate in an honors program. The request shall be accompanied by a statement concerning the general nature of the work to be undertaken.

4. An honors program may be undertaken only by Seniors and will carry credit of 6 semester hours provided the student is judged to have done work worthy of either an "A" or a "B" grade.

5. The course, if completed satisfactorily, shall be entered on the student's permanent record with a notation to the effect that it is an honors course. Also, the student shall be mentioned at commencement exercises — and shall be listed in a special section of the college catalogue of his graduation year — as having attained "high honors" or "honors" in his field, depending upon whether he received an "A" or a "B" in the honors program.

6. A student may be removed from an honors program at any time if, in the judgement of the department, his work is not of sufficient merit to justify his continuing.

7. An honors course is not to be subject to the usual 20 hour per semester limit on course load.

8. Each student completing an honors course shall prepare and submit to his instructor three copies of an abstract describing the work done in the course. The department shall then place one copy in the student's permanent file and one copy in the college library. It is expected that the department will keep the third copy in its own files.

9. All applications for honors courses should be made at least in time for consideration by the Curriculum Committee at its last scheduled meeting in the student's Junior year.

10. At the discretion of the department an honors course may be taken in lieu of the research paper course 200 in his department.

IN-COURSE HONORS

Qualified Wofford students may elect In-Course Honors in accordance with the following regulations:

I. ELIGIBILITY. The student must meet the following minimal requirements:

- A. At least one previous semester at Wofford.
- B. A grade-point average of at least 3.0, either cumulative or current.

II. PROCEDURE FOR APPLICATION AND APPROVAL.

- A. Written request for In-Course Honors must be presented to the course instructor.
- B. A planned program of study must be submitted before the end of the third week of the semester. A special form for this purpose will be available to the student in the office of the Registrar. The complete form will be retained by the course instructor or until the end of the semester and then used for a report, in space provided, to the Dean of the College.
- C. Approval of application and program of study must be obtained from the course instructor, the department chairman, and the Dean of the College.

III. IN-COURSE HONORS REQUIREMENTS, PROCEDURES, AND CREDIT.

- A. The student shall meet *all* the requirements of the regular course, including the final examination.
- B. No credit may be given for In-Course Honors unless the student earns a grade of at least "B" on both the regular course and the In-Course Honors work. (The grade on one shall not affect the grade on the other.)
- C. Honors work shall
 - 1. consist of *independent* study, under tutorial guidance;

2. exhibit "plus qualities" such as initiative, creativity, intellectual curiosity, critical thinking, sound methodology;

3. include a terminal essay which analyzes or exhibits the results of the study;

4. culminate in an oral examination by a committee (appointed by the department chairman) of three faculty members including the course instructor (as chairman) and preferably one person from another discipline. The length of the examination shall not exceed approximately one hour.

D. Upon satisfactory completion of In-Course Honors the instructor will report the regular course grade with the suffix "H" added to the course number and with the signatures of at least two of the examiners appearing on the report card.

E. The Registrar will add the "H" suffix to the course number on the student's record and allow *one semester hour* credit for the honors work in addition to the regular course credit.

IV. LIMITATIONS.

- A. No student may elect more than one In-Course Honors course per semester.
- B. No student shall be penalized for failure to undertake honors work. He may, without honors, earn "B's" or "A's" in the regular course.
- C. No faculty member is obligated to comply with the request of a student for In-Course Honors.
- D. No first-semester faculty person shall give In-Course Honors; he should direct the interested student to the department chairman for other possible arrangements.

THE DEAN'S LIST

Students who, at the mid-year or final examinations, have attained an average grade higher than "B" (above 3.00) in the courses of the half-year just closed and who have not received a grade of "D" or "F" or "I" in any course are placed on the Dean's List for the succeeding half-year. A student must be carrying at least 12 semester hours of work to be considered. The name of a student may be withdrawn from the Dean's List

at any time, if the student fails to maintain a satisfactory standard of scholarship and conduct.

CLASS ATTENDANCE

Students are expected to be present at all their regularly scheduled class and laboratory appointments. Experience has shown that successful students do not absent themselves from class without good reason. One of the major causes for poor academic achievement is excessive absence from class.

The attendance regulations are designed by the Faculty to provide that a large measure of individual responsibility be given to students whose academic records justify the delegation of such responsibility.

Any student who neglects his class preparation may be required to withdraw from the course under the following procedure: (1) A written warning shall be given the student by the instructor, a copy of which shall be sent to the Dean of the College. (2) If the student fails to show satisfactory improvement within a reasonable period of time the instructor may, with the approval of the Dean of the College, require the student to withdraw from the course with a grade of WP or WF as determined by the instructor.

Specific attendance regulations are published in the *Terrier Tale*.

ACADEMIC PROBATION AND EXCLUSION

The College reserves the right to require the withdrawal of students whose scholarship is not satisfactory and of those who, for any reason, are regarded as not in accord with the ideals and standards that the College seeks to maintain. No student on academic probation may represent the College in any extra-curricular activity. The purpose of academic probation is to warn a student and to assist him in improving the character of his work.

ACADEMIC PROBATION AND EXCLUSION RULE (FOR STUDENTS ENTERING PRIOR TO JUNE 1, 1966.)

Academic probation and academic exclusion are determined under provisions of the Academic Probation and Exclusion Rule. A fulltime student* comes under the Rule when he has

*A student is a full-time student in any semester in which he is registered for twelve semester hours or more, and in any academic year in which he is registered for twenty-four semester hours or more.

failed to pass eleven semester hours in a semester and twenty-two semester hours in the two most recent semesters. At the end of a full-time student's academic year**, and again at the end of the next semester, if he has not made up the deficiency, he comes under the Rule if he has not accumulated quality points in accordance with the following schedule:

34 Q.P. at the end of two semesters	(first year)
88 Q.P. at the end of four semesters	(second year)
147 Q.P. at the end of six semesters	(third year)
200 Q.P. at the end of eight semesters	(fourth year)
250 Q.P. at the end of ten semesters	(fifth year)

A part-time student (carrying less than twelve semester hours per semester) comes under the Rule at the end of any semester in which he fails more than one course. Also, at the end of his academic year a part-time student (carrying less than twenty-four semester hours) comes under the Rule if he has not achieved during that year a grade-point ratio of 1.5.

Students coming under the Rule the first time are placed on academic probation. Students coming under the Rule for the second consecutive semester are excluded from the College. A student excluded for the first time is eligible to re-enter in any succeeding semester if in the Wofford Summer School he makes up the deficiencies which resulted in his exclusion. A student excluded for the second time may not make up the deficiencies in summer school and is excluded from the College. A student excluded for the second time may not apply for readmission until the end of one calendar year from the date of such academic exclusion. Readmission under such circumstances will require convincing evidence that his further attendance at Wofford will benefit him and the College. No credits earned during the period of an academic exclusion may be transferred to Wofford.

A student on academic probation may be restored to good standing by making up in the Wofford Summer School the deficiencies which resulted in his being placed on academic probation.

For transfer students the Rule is computed only on credits earned at Wofford. The cumulative quality-point requirements will be computed on the basis of the first, second, third or fourth year at Wofford, as applicable.

**Every second semester of attendance after September 1, 1961.

For all students enrolled at Wofford for the 1960-1961 session or earlier, who return after September 1, 1961, the Rule is computed only on semesters, years, semester hours, and quality points earned after September 1, 1961. The cumulative quality-point requirement is computed on the basis of the first, second, third, or fourth year after September 1, 1961, as applicable.

ACADEMIC PROBATION AND EXCLUSION RULE (FOR STUDENTS ENTERING AFTER JUNE 1, 1966.)

Academic probation and academic exclusion are determined under provisions of the Academic Probation and Exclusion Rule. A fulltime student comes under the Rule when he has failed to pass 11 semester hours in a semester or when he has failed to pass 22 semester hours in the two most recent semesters. A parttime student (carrying less than 12 semester hours) comes under the Rule at the end of any semester in which he fails one course. Also, at the end of the spring semester a student comes under the Rule if he has not accumulated quality points in proportion to the number of semester hours that he has attempted, according to the table approved by the Faculty and maintained in the office of the Registrar.

Students coming under the Rule the first time are placed on academic probation for a semester. Students coming under the Rule for the second consecutive semester are excluded from the college. A student excluded for the first time may re-enter after attending Wofford Summer School if he makes up his deficiency in semester hours and has quality points required in proportion to his new total of semester hours attempted.

A student excluded for the second time may apply for re-admission to the Committee on Admissions which will immediately inform the student that his exclusion is permanent or that his application will be reviewed one year from the date of his exclusion.

A student on Academic Probation may be restored to good standing after attending the Wofford Summer School if he makes up his deficiency in semester hours and has quality points required in proportion to his new total semester hours attempted.

No credits earned elsewhere during the period of an academic exclusion may be transferred to Wofford.

For transfer students the quality-point requirement is based on all semester hours charged as attempted, and on all quality points credited upon transfer, plus semester hours charged and quality points earned at Wofford.

REPORTS ON ACADEMIC PROGRESS

Each member of the faculty is required to submit monthly failure reports on all Freshmen.

On October 28 for the first semester and on March 30 for the second semester, reports concerning scholarship of all students will be sent to parents or guardians. At the close of each semester final reports of class attendance, courses, and grades of all students will be sent to parents or guardians.

Bachelor of Arts Degree

GENERAL REQUIREMENTS

The requirements for the degree of Bachelor of Arts are based on a broad distribution of studies among the representative fields of human culture and a concentration of studies within a special field. The object of distribution is to give the student a general view of our intellectual heritage and to broaden his outlook. The object of concentration is to aid the student in acquiring comprehensive knowledge and systematic training in a particular field of scholarly achievement. These requirements are designed to guide students into the academic training desirable for their growth, and they are basic to later study in various professions.

Beginning with Freshmen of 1961-1962, students majoring in one of the natural sciences shall receive the B.S. degree. Those majoring in mathematics or psychology, with 16 semester hours in the natural sciences, shall receive the B.S. degree. A student majoring in either of these departments with less than 16 semester hours in the natural sciences shall receive the A.B. degree.

Final responsibility for meeting all degree requirements rests with the student.

Students desiring to qualify for the Bachelor of Arts degree must select a major from one of the following departments: Economics, English Language and Literature, Foreign Languages, Government, History, Mathematics, Philosophy, Psychology, Religion, or Sociology.

Semester Hours and Grades

A candidate for the degree of Bachelor of Arts must complete one hundred and twenty-six semester hours of work including, but not exceeding, six semester hours in either basic military science or physical education.

In addition to the one hundred and twenty-six semester hours of credit required for a degree, a student must maintain a certain average of excellence in his work. This standard is fixed by the Quality Point System, which requires for graduation an average of at least 2.0 quality points for all semester hours taken, including all semester hours taken in excess of

the one hundred and twenty-six required for a degree. For explanation of the quality point and grading system see page 25.

A student must have in his major field at least twice as many quality points as semester hours taken.

Degree at End of Summer Session

A student who completes in summer session the work required by the College for the Bachelor's degree will be granted the degree at the end of that session.

REQUIREMENTS FOR THE DEGREE

	Semester Hours
English	12
Foreign Language	6
History 1-2	6
Mathematics	3
Natural Science	8
Philosophy	3
Religion	6
Social Science	6
Basic Military Science or Physical Education	6
Major Work	18-32
Interim and Free Electives to make a total of	126

English 1-2 and any two of the following:

English 51, 52, 61, 71, 72. twelve semester hours.

Foreign Languages, three, six, or twelve semester hours.

This requirement is satisfied by the completion in college of six semester hours of one language on the intermediate level or three semester hours beyond the intermediate level. Students not prepared for advanced work must first take six hours of elementary work.

History 1-2, six semester hours.

This is the basic course in history and is required of all students.

Mathematics, three semester hours.

This requirement is met by the completion of Mathematics 21, and is mandatory for students entering Wofford in June, 1965 and thereafter. Students who entered prior to June, 1965 may elect this requirement in lieu of the requirement in effect when they entered.

Natural Science,

eight semester hours.

This requirement is satisfied by the completion of Science 1-2. This course is designed to transmit to the student an appreciation of the processes of logical inquiry, observation, abstraction, generalization, analysis, and prediction by which scientists organize man's understanding of nature. The equivalent of three lectures and one laboratory period a week.

This course will satisfy the Natural Science requirement for students who plan no further work in science. Each section will be taught by a scientist who will involve the student in a scientific area that the instructor is best qualified to pursue. So that the work may be as individualized as possible, no section will have more than twenty students. Even though this course is hyphenated, a student who fails to pass the first semester may be allowed to continue in the course and receive credit for his Natural Science requirement after completion of the second semester. The instructor must certify to the Registrar, in writing, that improvement in the second semester has warranted this.

Philosophy,

three semester hours.

This requirement is satisfied by the completion of one of these courses: Philosophy 51, 111, 122, 151 or 153.

Religion,

six semester hours.

This requirement should be satisfied *by the end of the sophomore year* by completing any two courses numbered below 100.

Social Science,

six semester hours.

This requirement is satisfied by the completion of three semester hours each in any two of the following: Economics 51 and 52; Government 51 and 52; Psychology 51 and 52; or Sociology 51 and 52.

Basic Military Science or Physical Education, six semester hours.

This requirement is satisfied by the completion of the required work of the Freshman-Sophomore years in either department. If a student is excused from taking this requirement, he must substitute for it six semester hours of academic work.

Major Work eighteen to thirty-two semester hours.

Major work consists of eighteen to thirty-two semester hours in a major subject. A course open primarily to Freshmen may not count as part of the major work. Under no circumstances may a required course be used to satisfy the requirements of major work.

A "C" average in major work is required.

A student may not take more than thirty-six semester hours in any department. Required Freshman and Sophomore courses shall not be included in the thirty-six semester hour limit.

Free Electives

In addition to the above, the student must elect sufficient courses to complete the one hundred and twenty-six semester hours necessary for graduation.

OMISSION OF REQUIRED COURSES

Students with superior preparation in any of the above-listed courses are encouraged (or may be required at the option of the department) to omit any of them on which they demonstrate satisfactory proficiency in the judgment of the department concerned. Students relieved of such required courses must still take one hundred and twenty-six semester hours of course work in college, except those qualifying under the Advanced Placement program of the College Entrance Examination Board.

THE FRESHMAN AND SOPHOMORE YEARS

Beginning students should familiarize themselves with courses required for a degree from Wofford College, as listed on page 36 of the catalog. These required courses should be completed by the student during his Freshman and Sophomore years.

MAJOR WORK

Not later than the close of the Sophomore year, a candidate for the degree of Bachelor of Arts shall select, under the guidance of a departmental adviser, his major work. It is often advisable, especially in certain subjects, for the student to choose his major work in the Freshman year. Many students,

however, will find it better to postpone a definite decision until they have had opportunity to acquaint themselves with the offerings of the various departments and to talk over their general plans with advisers.

A Major Work Form must be completed by each student, approved by the Chairman of the department in which he is majoring, and filed with the Registrar prior to the student's registration for the Junior class.

A
Class
In
Sociology

Bachelor of Science

GENERAL REGULATIONS

The general regulations governing the requirements for the degree of Bachelor of Science are the same as those for the degree of Bachelor of Arts.

Beginning with Freshmen of 1961-1962, a student majoring in one of the natural sciences shall receive the B.S. degree. A student majoring in mathematics or psychology, with 16 semester hours in the natural sciences, shall receive the B.S. degree. With less than 16 semester hours in the natural sciences, he shall receive the A.B. degree.

Final responsibility for meeting all degree requirements rests with the student.

Students desiring to qualify for the Bachelor of Science degree must select a major from one of the following departments: Biology, Pre-Medical Biology, Chemistry, Pre-Medical Chemistry, Mathematics, Physics, or Psychology.

REQUIREMENTS FOR THE DEGREE

English 1-2 and any two of the following:

English 51, 52, 61, 71, 72. twelve semester hours.

Foreign Languages, three, six, or twelve semester hours.

This requirement is satisfied by the completion in college of six semester hours of one language on the intermediate level or three semester hours beyond the intermediate level. Students not prepared for advanced work must first take six hours of elementary work.

History 1-2, six semester hours.
This is the basic course in history and is required of all students.

Mathematics, three semester hours.
This requirement is met by the completion of Mathematics 21, and is mandatory for students entering Wofford in June, 1965 and thereafter. Students who entered prior to June, 1965 may elect this requirement in lieu of the requirement in effect when they entered.

Natural Science, sixteen semester hours.
This requirement is satisfied by the completion of Biology 1 and 2; Chemistry 1 and 2 or 1 and 22 or Chemistry 21 and 22; or Geology 51 and 52; and Physics 21-22 (two semesters of two sciences required).

Philosophy three semester hours.
This requirement is satisfied by the completion of one of these courses: Philosophy 51, 111, 122, 151 or 153.

Religion, six semester hours.
This requirement should be satisfied *by the end of the sophomore year* by completing any two courses numbered below 100.

Social Science, six semester hours.
This requirement is satisfied by the completion of three semester hours in each of any two of the following: Economics 51 and 52, Government 51 and 52, Psychology 51 and 52 or Sociology 51 and 52.

Basic Military Science or Physical Education, six semester hours.
This requirement is satisfied by the completion of the required work of the Freshman and Sophomore years in either department.

Major Work eighteen to thirty-two semester hours.
Major work consists of eighteen to thirty-two semester hours in a major subject. Courses open primarily to Freshmen may not count as part of the major work. Under no circumstances may a required course be used to satisfy the requirements of major work.
A "C" average in major work is required.
A student may not take more than thirty-six semester hours

in any department. Required Freshman and Sophomore courses shall not be included in the thirty-six semester hour limit.

FREE ELECTIVES

In addition to the above, the student must elect sufficient courses to complete the one hundred and twenty-six semester hours necessary for graduation.

OMISSION OF REQUIRED COURSES

Students with superior preparation in any of the above-listed courses are encouraged (or may be required at the option of the department) to omit any of them on which they demonstrate satisfactory proficiency in the judgment of the department concerned. Students relieved of such required courses must still take one hundred and twenty-six semester hours of course work in college, except those qualifying under the Advanced Placement program of the College Entrance Examination Board.

THE FRESHMAN AND SOPHOMORE YEARS

Beginning students should familiarize themselves with courses required for a degree from Wofford College, as listed on pages 41 and 42 of the catalog. These required courses should be completed by the student during his Freshman and Sophomore years.

MAJOR WORK

Not later than the close of the Sophomore year, a candidate for the degree of Bachelor of Science shall select, under the guidance of a departmental adviser, his major work.

A Major Work Form must be completed by each student, approved by the Chairman of the department in which he is majoring, and filed with the registrar prior to the student's registration for the Junior Class.

Combined Courses and Teacher Certification

COMBINED ACADEMIC-PROFESSIONAL COURSES

A student may take a certain combination of courses that not only will lead to the Bachelor's degree and furnish the fundamentals of a liberal education, but also will provide special preparation for the pursuit of a profession. The privilege of completing a combined course is conditioned upon admission to a professional school at the close of the Junior year. A student thus admitted registers as a non-resident Senior in the College and as a first-year student in the professional school.

Academic-Engineering Combination

Under an agreement between Wofford and Columbia University made in 1952, a combined plan has been devised. Under this plan, inspired by a great need for more liberally educated engineers, a student may follow a prescribed course at Wofford for three years, during which time he must complete the basic graduation requirements at Wofford and also complete certain basic courses in mathematics and the physical sciences which are required for entry into the School of Engineering at Columbia University. Upon completion of these requirements and recommendation by the Faculty of Wofford College, the student is automatically accepted in the School of Engineering at Columbia University. After successful completion of one year at the professional school, the student may be awarded the Bachelor's degree at Wofford; and after the second successful year at the professional school, the student is awarded the Bachelor of Science degree in Engineering by Columbia.

Refer to table in this section for specific course requirements. For the physical sequence, major requirements may be met by a combination of mathematics-physics. Consult pre-engineering adviser frequently.

A somewhat similar arrangement with Duke University was completed in 1956. However, transfer to Duke is not automatically accomplished, but is determined by Duke on the merits of each individual case. Major requirements may be met by a combination of mathematics-physics. Refer to table in this section for specific courses. Consult pre-engineering adviser frequently.

Academic-Forestry Cooperative Program

Through an agreement with Duke University, a combined plan of nine (9) semesters is available which leads to the degree of Master of Forestry or of Master of Science in forestry. Six (6) semesters at Wofford, during which the basic graduation requirements of Wofford College must be met, followed by five (5) semesters at the School of Forestry in Duke University lead to a Bachelor's degree at Wofford at the end of the second successful semester at Duke and to the Master's degree at the end of the fifth successful semester at Duke.

The student follows at Wofford the sequence of courses shown on a sheet obtainable from the Department of Biology. The student consults each semester his forestry adviser in the Department of Biology.

In the middle of his sixth semester, the student requests recommendation from the faculty of Wofford College for guaranteed acceptance into the School of Forestry at Duke University. If for any reason, however, he has decided by this time not to continue *via* the Cooperative Program into the School of Forestry, he can readily complete a major in biology and graduate after a fourth year in Wofford College.

Alternatively, with careful use of his electives and summer study, he may undertake a major in a subject other than biology and graduate after a fourth year in Wofford College.

All Combined Plan participants should consult their adviser frequently, in order to avoid errors which might be made without careful planning. The adviser for the engineering sequences is Mr. Loftin, and Mr. Patton is the adviser for the forestry sequence.

Academic-Law Combination

A student who desires to transfer before graduation to a school of law and receive the degree of Bachelor of Arts while in residence there may do so by (1) completing, with an average grade of "C" or higher, work through the Junior year, sixty-four semester hours of this work being done in Wofford College, (2) finishing the required subjects and the work of the Junior year in his major and related work, (3) completing satisfactorily the work of the first year in an approved school of law.

No single discipline or program of study can be described as the best preparation for the study of law. There are various methods of approach to legal study, and students differ with respect to the undergraduate studies by which they profit most in preparing themselves for law school. Probably their best approach will be found through a broad, cultural course of study, concentrating in subjects distributed among closely related departments.

Academic-Medical Combination

Students pursuing this program will be required to complete through the work normally taken in the Junior Year a major in Biology or in Chemistry. Such majors will be designated as Pre-Med Biology or Pre-Med Chemistry majors, depending upon their choice of major field; and such students must complete at Wofford College a minimum of 64 semester hours, including the work of the Junior Year, or its equivalent. Upon satisfactory completion, with an average grade of "C" or higher, the basic graduation requirements of the College, and the major as outlined above, and upon satisfactory completion of the first year at the professional college, the degree of Bachelor of Science will be awarded.

Academic-Forestry Cooperative Program

Through an agreement with Duke University, a combined plan of nine (9) semesters is available which leads to the degree of Master of Forestry or of Master of Science in forestry. Six (6) semesters at Wofford, during which the basic graduation requirements of Wofford College must be met, followed by five (5) semesters at the School of Forestry in Duke University lead to a Bachelor's degree at Wofford at the end of the second successful semester at Duke and to the Master's degree at the end of the fifth successful semester at Duke.

The student follows at Wofford the sequence of courses shown on a sheet obtainable from the Department of Biology. The student consults each semester his forestry adviser in the Department of Biology.

In the middle of his sixth semester, the student requests recommendation from the faculty of Wofford College for guaranteed acceptance into the School of Forestry at Duke University. If for any reason, however, he has decided by this time not to continue *via* the Cooperative Program into the School of Forestry, he can readily complete a major in biology and graduate after a fourth year in Wofford College.

Alternatively, with careful use of his electives and summer study, he may undertake a major in a subject other than biology and graduate after a fourth year in Wofford College.

All Combined Plan participants should consult their adviser frequently, in order to avoid errors which might be made without careful planning. The adviser for the engineering sequences is Mr. Loftin, and Mr. Patton is the adviser for the forestry sequence.

Academic-Law Combination

A student who desires to transfer before graduation to a school of law and receive the degree of Bachelor of Arts while in residence there may do so by (1) completing, with an average grade of "C" or higher, work through the Junior year, sixty-four semester hours of this work being done in Wofford College, (2) finishing the required subjects and the work of the Junior year in his major and related work, (3) completing satisfactorily the work of the first year in an approved school of law.

No single discipline or program of study can be described as the best preparation for the study of law. There are various methods of approach to legal study, and students differ with respect to the undergraduate studies by which they profit most in preparing themselves for law school. Probably their best approach will be found through a broad, cultural course of study, concentrating in subjects distributed among closely related departments.

Academic-Medical Combination

Students pursuing this program will be required to complete through the work normally taken in the Junior Year a major in Biology or in Chemistry. Such majors will be designated as Pre-Med Biology or Pre-Med Chemistry majors, depending upon their choice of major field; and such students must complete at Wofford College a minimum of 64 semester hours, including the work of the Junior Year, or its equivalent. Upon satisfactory completion, with an average grade of "C" or higher, the basic graduation requirements of the College, and the major as outlined above, and upon satisfactory completion of the first year at the professional college, the degree of Bachelor of Science will be awarded.

TEACHER EDUCATION PROGRAM

The teacher education program at Wofford includes courses allowing for full preparation for secondary school work, and some courses applicable toward elementary school certification. The Chairman of the Department of Education will advise the student who is interested in public school work in this state with respect to South Carolina State Department of Education requirements for certification. Students interested in preparing for work in another state should write to the State Department of Education in the capital city of that state for full certification requirements.

Careful planning and selection of courses is required in order to satisfy both college requirements and those of teacher certification. The earlier in his college career the student registers his interest in teaching with the Department of Education, the more readily can this planning be affected. The College can within reason assure the student of satisfactory fulfillment of certification requirements if he consults *not later than the second semester of the sophomore year*, and follows the prescribed courses in the teacher education program. Teacher education candidates should select a major (except physical education) in one of the subject fields normally taught in the public schools. Additional time supplementing the regular four-year college course may be required by the program if students report later than the first semester of the Junior Year.

An outline of the Teacher Certification requirements in South Carolina, as administered at Wofford College, is as follows:

GENERAL EDUCATION

	Semester Hours
English	12
Biological and Physical Sciences (Biology and one other science must be represented.)*	12
Social Studies (in two fields, with not more than six hours in one field.)	12
Music and Art Appreciation	6
Health Education	3

*It is suggested that teacher education candidates take Biology 1 or 2 and two semesters of chemistry, physics, or geology. Another possible combination might be Biology 1 and 2 and Geology 51.

PROFESSIONAL EDUCATION

A. Adolescent Growth and Development (Psychology 104)	}	12	A, B and C must be represented
B. Principles and Philosophy of Education (Education 126)			
C. Principles of Learning, Materials and Methods (Psychology 132, Education 105 or 122)			
D. Directed Teaching in High School (Education 109-110)		6	
Total Semester Hours.....		18	

TEACHING AREA

Each subject field requires a specific number of semester hours for certification, as follows (For courses within each area which are specified by Wofford College, consult the Department of Education or the department concerned):

	Semester Hours
English	24
Health and Physical Education	24
History	18
Languages	18 to 30
Mathematics	18
Science (Natural)	18 to 30
Social Studies	30

Recommendation for Certification

The College advises with the student as to the requirements of the teacher education and the certification programs, and helps with scheduling the appropriate sequence of courses. Responsibility for starting the program and pursuing it to completion, however, rests upon the student. Deficiencies in preparation at the time the candidate applies to the State Department for certification are not the responsibility of the College. Wofford College recommends for certification only those students who have completed satisfactorily all requirements of the program.

Departments and Courses of Instruction

Courses primarily for Freshmen are numbered from 1 to 49; those primarily for Sophomores from 51 to 99; those primarily for Juniors and Seniors, from 101-199. The amount of credit for each course is given in semester hours following the description of the course.

Generally, odd-numbered courses are offered in the first semester, and even-numbered courses are offered in the second semester. Double numbers (hyphenated courses) indicate that the course is a year-course and must be continued throughout the year if credit is received. These hyphenated courses are marked with a "+." A student must secure written permission from the instructor in order to receive credit for either semester of a year-course.

	Mathematics 1, 2, 21, 22	Spanish 1-2

BIOLOGY Mr. Leonard, *Chairman*

Mr. Dobbs Mr. Hubbard Mr. Patton

A major in Biology consists of 27-28 semester hours beyond the General Biology sequence. The courses required of all students who are majoring in Biology are: Biology 51, 52, 101, 102, 103, and 201. In addition to these required subjects, each student is required to elect one of the following courses: Biology 202, 204, 205, or 206. Biology 251 and 252 do not count toward the major. The student should plan to elect Chemistry 1-2, Chemistry 51-52, and Physics 21-22. In addition to these, certain graduate programs will require that students elect other courses before being accepted for admission. Each student should consult with the department chairman to determine what his particular program should be.

In addition to the requirements listed above, each student will be required to pass a comprehensive examination covering fundamental facts and principles of biology. This examination is administered during the student's senior year.

A Biology major in the Academic-Medical combination consists of the following courses: Biology 51, 52, 101, and 102. Students planning to pursue this program should consult with the chairman of the department concerning electives in the other sciences.

1-2. Science (See page 37 for description).

1. General Biology

First course of a sequence in the survey of plant and animal life. The fundamental facts and principles of biology related principally to animals are studied. Three hours a week lecture and one laboratory period a week. (Note: General Biology 2 may be taken before General Biology 1). Four semester hours.

Staff

2. General Biology

Second course of a sequence in the survey of plant and animal life. The fundamental facts and principles of biology related principally to plants are studied. Three hours a week lecture and one laboratory period a week. Four semester hours.

Staff

51. Invertebrate Zoology

A study of the taxonomy, morphology, and physiology of invertebrate animals. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Dobbs

52. Plant Life

Study of the vascular and nonvascular plants. The laboratory will emphasize the local flora. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Patton

101. Cell Biology

A study of cell structure and function. The laboratory work will introduce the student to the theory and use of some of the instruments that are used in the

investigation of cellular processes. Four semester hours.

Mr. Leonard

102. Genetics

A study of the basic principles of heredity as well as an introduction to the more recent work and findings in the field. Laboratory experiments are provided using *Drosophila*, *Neurospora*, bacteria, maize, and the human. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Hubbard

103. Developmental Biology

A study of the development of organisms. Emphasis is placed on the developmental processes as well as the structures formed. Laboratory experiences include observations of development in living organisms as well as the study of prepared slides. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Hubbard

201. Ecology

Study of the interrelationships of the environment and organisms, including man. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Patton

202. Comparative Vertebrate Anatomy

Study of the evolution of vertebrate structure, with consideration of the adaptive value of various anatomical innovations and modifications. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Dobbs

204. Animal Physiology

A study of the functions of the systems of selected vertebrates and invertebrates. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Leonard

205. History of Biology

A study of the development of the biological sciences from the medicine of primitive man to the present. The course is designed to (1) acquaint the student with the historical events and personalities involved in the evolution of modern biological concepts and (2) make him aware of how social, economic, and political conditions and advancements in science can affect one another. Prerequisites: General Biology and History of Western Civilization. Three hours a week lecture. Three semester hours.

Mr. Dobbs

206. Microbiology

A study of the microscopic forms of life, including their structures, functions, uses and control. In addition to bacteria, laboratory organisms include algae, yeasts, molds, viruses, and pro-

tozoa. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Hubbard

251. Human Biology

A course in human anatomy and physiology, with emphasis on the body's response to organic and infectious diseases. The laboratory work includes the dissection of a mammal and execution of physiological experiments. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Dobbs

252. Histology

Microscopic anatomy of animal tissues. Laboratory work includes training in the preparation of microscopic slides. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Leonard

Honors

The Biology Department encourages its students to undertake honors work. For further information concerning the programs open to him, the student is referred to pages 26-29 in the current catalogue.

CHEMISTRY Mr. Loftin, *Chairman*

Mr. Cavin Mr. Stephens Mr. Moore

Major Prerequisite: Chemistry 23-24

A major in chemistry consists of 32 semester hours and must include Chemistry 51-52, 151-152, 162, 215, 216, 261 and 262. These requirements, amplified in the course listings below, are designed to meet the standards for undergraduate training in chemistry as recommended by the American Chemical Society and required by this department, for students planning graduate work in chemistry or for those planning to enter the industry, directly, as professional chemists. A reading knowledge of German is required for the major; this may be met by completion of at least one year of German, or by demonstration to the department of a satisfactory reading knowledge.

A four-year major in chemistry for pre-medical or pre-dental students consists of Chemistry 51-52, 151-152, 162, 131, with either 215 or 216, and 261 and 262.

A chemistry major in the Academic-Medical combination (three year program) consists of Chemistry 51-52, 151-152, 162 and 131.

1-2. Science (See page 37 for description)

23-24. General Chemistry †

Designed for freshmen who may major in any science, or for pre-medical, pre-dental, or pre-engineering requirements. A thorough treatment (more adequate preparation for a scientific career of any kind) from a strictly modern point of view, beginning with force fields and leading to structure of atoms and molecules and correlation of structural effects upon properties. Other topics given emphasis include properties of substances and introduction to thermodynamics and kinetics. Three hours each week of lecture. One laboratory period each week is devoted to a determination of physical, chemical and kinetic relationships, using the "research" approach. Eight semester hours. Prerequisite for a major in chemistry, and for all advanced courses in chemistry. *Staff*

51-52. Organic Chemistry †

A study of the compounds of carbon and related topics. Emphasis is given to both the practical and theoretical aspects of the field, with special attention to the modern concepts of organic reaction mechanisms. The laboratory work consists of the preparation and study of typical compounds, with an introduction to the methods of qualitative organic analysis. Required of all chemistry majors. Prerequisite: General Chemistry; Chemistry 23-24 or its equivalent is considered to be essential for successful mastery of the

course. Three lectures and one laboratory period each week. Eight semester hours. *Mr. Cain*

131. Biochemistry

A study of those aspects of chemistry that relate to plant and animal life, including the important biochemical processes of photosynthesis, digestion, metabolism, excretion and related topics. Three lectures and one laboratory period each week. Prerequisite: Chemistry 23-24 and 51-52. Four semester hours.

Mr. Cain

151-152. Physical Chemistry †

A study of the laws and theories of chemistry with emphasis upon the solution of problems. Required of all majors in chemistry. Prerequisites: Chemistry 51-52, Physics 21-22, and mathematics through differential and integral calculus. Three lectures and one laboratory period each week. Eight semester hours.

Mr. Loftin

162. Inorganic Chemistry

A survey of the field of inorganic chemistry with emphasis upon the periodic arrangements of the elements. Special attention is given to the development of the modern theories of inorganic chemistry and the relationships between chemical behavior and atomic structure. Required of all chemistry majors. Prerequisite: Chemistry 151, co-requisite: Chemistry 152. Three lectures and one laboratory period each week. Four semester hours. *Mr. Moore*

215. Instrumental Analysis

Theory and techniques of analysis of the more complex, natural and industrial

substances, involving spectrophotometric, electrometric, radioisotope and other physical-chemical instrumental methods. Required for chemistry majors. Prerequisite: Chemistry 151, 152, and a reading knowledge of German. Two lectures and two laboratory periods each week. Four semester hours.

Mr. Loftin

216. Qualitative Organic Analysis

Theory and laboratory identification of organic compounds and mixtures, with a view toward crystallization and extension of the knowledge gained in Chemistry 51-52. Extensive use of theory and interpretation of infrared and nuclear magnetic resonance spectra. Required for chemistry majors. Prerequisites: Chemistry 151, 152, and a reading knowledge of German. Two lectures and two laboratory periods each week. Four semester hours. *Mr. Cain*

222. Advanced Analytical Chemistry

A lecture course in the theory and

practice of analytical chemistry. A theoretical treatment of the fundamentals of analysis: sampling, dissolution, isolation and measurement of the components in more complex systems, treatment of data, principles of analytical research and methods development. Elective, recommended but not required for a major in chemistry. Pre or co-requisite, Chemistry 215. Three hours of lecture each week. *Mr. Stephens*

261-262. Senior Research †

Guided original research of a simple nature in the field of the students interest. Introduction to basic research principles and methods. Literature search and laboratory work leading to solution of the problem and preparation of a written report. Prerequisites Chemistry 151-152 and 162, and a reading knowledge of German. The equivalent of two laboratory periods each week and frequent conferences. Two semester hours. *Staff*

ECONOMICS

Mr. Wright, Chairman

Mr. Arthur Mr. Ray Mr. Green

Economics 51 and Economics 52 are prerequisites to a major in this Department and should be taken as early as possible by prospective majors. A major consists of twenty-four semester hours beyond the prerequisites. The Major must include Economics 101, 103, 55, and 141. Also, students must elect at least two of the following: Economics 104, Economics 105, Economics 108 or Economics 114. The remaining courses must be determined by the student in consultation with the Chairman of the Department.

51. Principles of Economics I

An introduction to economic thinking and analysis designed to give the student the theoretical tools for understanding the American economic system. Topics include: the basic functions of

the economy, economic aspects of business and government organizations; national income; money, credit and prices; and policies for economic stabilization. Three semester hours. (Required of all majors). *Staff*

52. Principles of Economics II

A continuation of Economics 51. Topics include: price theory and distribution theory; public policy toward agriculture, monopoly, and labor; problems of economic growth and development and comparative economics. Prerequisites: Economics 51. Three semester hours. (Required of all majors). *Staff*

55. Introduction To Accounting

A combined study of the accounting cycle and management uses of accounting information. Emphasis is placed on the ways accountants must adopt the specialized needs of business management. Three semester hours (required). *Mr. Green*

101. Money and Banking

A study of the relationship between money and the volume of economic activity, commercial and central banking, credit control under the Federal Reserve System, and the theory and objectives of monetary policy. Prerequisites: Economics 51. Three semester hours. (Required of all majors). *Mr. Wright*

103. Intermediate Economic Theory

An intermediate course in economic analysis in which the theoretical aspects of economics are more fully developed. Students are led to see the relationship between theoretical tools and the analysis of economic problems. Prerequisites: Economics 51 and 52. Three semester hours. (Required of all majors). *Staff*

104. Macro-Economics

A study of the advanced Economic analysis covering material on macro-economic theory, problems of economic growth, economic development and business fluctuations. Prerequisites: Economics 51. Three semester hours

Mr. Arthur

105. Business Finance

A study of the corporate financial organization. Topics include: control and utilization of funds, sources and costs of short and long term funds, and corporate stocks and bonds. The tools and practices of internal financial administration as well as applicable government controls are studied. Prerequisites: Economics 55. Three semester hours. *Mr. Green*

107. Management

A study of the basic functions of administration—planning, organizing and controlling. Selected case problems will be used to illustrate the use of modern administrative tools and techniques. Three semester hours. *Mr. Green*

108. Economic History of the United States

A historical treatment of the economic development of America from colonial times to the present. This course emphasizes economic growth and development. Three semester hours. *Staff*

111. Marketing

A study of the marketing functions, institutions, decision making and planning. Specific topics include: consumer evaluation, market research, promotion and sales planning and forecasting. This course integrates economic thinking into the theory of marketing and sales management. Three semester hours. *Mr. Wright*

112. Labor Economics

A study in labor-management relationships, including a study of collective bargaining as determined by court decisions and Federal statutes. This is a study of the nature and economics of the labor groups and will bring in current attitudes and trends in labor relations. Three semester hours. *Mr. Wright*

114. Public Finance

A study of public finance and its importance to the American economic system. Topics include: Government expenditures and budgets, Government Debt, Fiscal policy, and Government Taxes with emphasis upon Personal income, Corporate, Excise, Consumption and Property taxes. Prerequisites: Economics 51. Three semester hours. *Mr. Wright*

116. Public Policy Toward Business

A study of the Government regulation of Business in the United States. This course contains a topical and inclusive treatment of the increasing complexities in the relationships between government and business. Three semester hours. *Staff*

121. Intermediate Accounting I

A continuation of the study of accounting principles and practices with emphasis on the following areas: Assets, inventories, investments and manufacturing accounting. Legal and economic concepts of value and net income are examined in connection with current accounting practices. Three semester hours. *Mr. Green*

122. Intermediate Accounting II

A continuation of Business Administration 121. Topics studied are accounting for fixed assets, owners' equity and long-term liabilities, analysis of financial statement of sources and uses of funds. Prerequisite: Economics 121. Three semester hours. *Mr. Green*

124. Commercial Law

A study of basic legal principles applying to the conduct of business operations. Topics include Contracts, Agency and Employment, Negotiable Instruments, Corporations and Partnerships and Sales. Three semester hours. *Mr. Green*

126. International Economics

The importance of international trade to the United States; economic bases of international trade; the balance of payments; foreign exchange and credits; combinations and restrictions in world trade and current proposals for World stability. Three semester hours. *Mr. Wright*

135. Cost Accounting I

A study of the basic principles of accounting for the cost of manufactured products. Cost procedures for the accumulation of material, labor, and overhead costing procedures are examined in the light of effects on net income and inventory valuation. Three semester hours. Prerequisite: Economics 55. (Not offered 1967-1968) *Mr. Green*

136. Cost Accounting II

The fundamental techniques of cost accounting are more fully developed and their scope of applicability broadened. Standard cost systems are comprehensively treated with emphasis on budgetary cost control and analysis. Prerequisite Economics 135. Three semester hours. (Not offered 1967-1968) *Mr. Green*

141. Statistics

The basic ideas underlying modern statistical methods and their uses as tools in decision-making. The course emphasizes statistical inference, measures of frequency distribution, sampling concepts, statistical estimation, test of hypotheses, and linear correlation and regression analysis. Statistical Lab. includes the use of a calculator to solve statistical problems. Four semester hours. (Required of all majors). *Mr. Arthur*

143. Comparative Economic Systems

This course is a survey of the leading economic systems of capitalism, socialism, communism and fascism. Topics

include the criteria for evaluating economic systems; an introduction to the theory of Karl Marx; and a discussion of economic systems with respect to their theoretical assumptions, social premises, and practical operations. Three semester hours. *Mr. Wright*

144. Development of Economic Thought

A systematic examination of the development of economic analysis from the works of Adam Smith through the modern writers will be attempted. A-

mong others, the theories of Marx, the Austrians, the Neo-classical economists, as well as Keynes and the Marginalist will be considered. Three semester hours. *Staff*

150. Seminar in Current Economic Problems

This course is for Senior majors and will include discussions of some of the foremost problem areas in current economic thinking. Topics include Economic growth and development and inflation. Three semester hours. *Staff*

EDUCATION *Mr. Prince, Chairman*

Mr. Bryan

Courses in Education are suitable as background for professional work in churches, community recreation and education, social work, and college teaching.

Students who wish to prepare for public school teaching should consult with their advisers and the education department before registration in the second semester of the sophomore year, in order to complete prerequisite courses before the junior year, in which the teacher education program begins. Full preparation may be possible, but cannot be guaranteed when the student seeks advice after registering for the second semester of the sophomore year. For a full statement concerning the teacher education program, see pages 48-49.

54. Introduction to Education

Designed to acquaint the general student with some of the principal aspects of the school in American society, its history, aims, organization, and practices. Elective for any student. Prerequisite to all other courses in Education. Three semester hours. *Mr. Prince*

104. Adolescent Psychology

Developmental psychology as applicable to young people from twelve to twenty. Problems that face young people approaching maturity are considered in detail. This course is required for certification in most states. Three semester hours. *Mr. Prince*

105. Principles and Methods of Education

The study of educational processes and procedures, with emphasis upon the psychological principles underlying the organization of instructional material and media. Three semester hours. *Mr. Prince*

109-110. Student Teaching†

This required course in the teacher program affords observation and teaching under supervision in one of the public schools in the area of the college. Ninety clock hours of such experience in the school is a minimum requirement, this to be accomplished over a

period of approximately six weeks, with one full week of actual teaching. Classes at the college are met three hours weekly for the study of the special methods in the teaching field and for conferences and discussions of the practice work. Heavy student responsibility in planning and conducting the course is an additional means of encouraging fuller professional competence. To be taken in the senior year. Application to enroll in this course must be made before registration in the senior year. Prerequisites: Education 54 and Education 105. Co-requisites: Psychology 104 and Psychology 132. Six semester hours.

122. Educational Measurement

A study of the theories basic to standardized tests, their function, construction, and application in the school process. Practice in writing of tests for

the various academic subjects. Elementary statistical concepts. Three semester hours. *Mr. Prince*

126. History and Philosophy of American Education

The historical development of educational theories and organization of schools in America, with emphasis upon the relationships between education and the supporting society and culture. Required of teacher education candidates. Three semester hours. *Mr. Prince*

132. Educational Psychology

A comprehensive course dealing primarily with theory and application in human development and in learning, as basic to the educational enterprise. Three semester hours. Required of teacher education candidates. *Mr. Prince*

ENGLISH LANGUAGE AND LITERATURE

Mr. Chewning, Chairman

*Mr. Caldwell Mr. Coates Mr. Covington Mr. Gross
Mr. Lofton Mr. Miller Mr. Secondi*

A major in English consists of twenty-four semester hours in English courses on the junior-senior level.

It is recommended that each student planning to major in English fulfill his sophomore literature requirement with two courses chosen from English 51, 52, and 61.

Every English major must take six semester hours from Group I (below), three semester hours from Group II, and six semester hours from Group III. Only one of the Shakespeare courses (107, 108) may be counted in Group I. English 61 may count as part of this distribution requirement if it is taken before the junior year, but it may not count in the 24 hours of advanced work.

Group I: 107 or 108, 114, 117, 120, 127, 131, 145.

Group II: 110, 112, 123, 126, 128.

Group III: 61, 103, 104, 130.

In his senior year each English major must pass a comprehensive examination in English.

Every student majoring in English is required to write a special documented paper as part of one of his advanced courses in English. This paper will be graded by the instructor of the course in which it is written and must be submitted to the chairman of the department for final approval of its documentation. A copy of the completed paper must be placed on file in the records of the department.

English majors who intend to do graduate work are advised to acquire a reading knowledge of either French or German (or both), since these are the languages with which most graduate schools will expect them to have an acquaintance. Usually candidates for the master's degree are required to know one of these languages, and doctoral candidates are required to know both. Some knowledge of Latin is also desirable.

English courses numbered above 100 are primarily for juniors and seniors. Sophomores may be admitted to these courses by special permission of the instructor.

1-2. English Composition†

A course designed to improve the student's ability to express himself accurately and effectively in writing. Composition and revision of papers of various types. Critical reading of a variety of literary works. English 1 is prerequisite to English 2. Six semester hours. *Staff*

51, 52. English Literature

A study of representative masterpieces of English literature from medieval times to the twentieth century, with emphasis upon critical understanding of these works and upon the influences that produced them. Six semester hours. *Staff*

61. Readings in American Literature

A study of representative masterpieces of American literature from its beginning to the twentieth century, with emphasis on critical understanding of them. Three semester hours. *Staff*

71, 72. Readings in World Literature

A course designed to introduce the

general student to some of the great works of world literature, including works of British and American writers as well as foreign works in translation. Six semester hours. *Staff*

101. Public Speaking

An introduction to public speaking. Students will be expected to deliver various types of speeches extemporaneously. Emphasis will also be placed on outlining and on reading of famous speeches. Does not count toward requirements for a major in English. Three semester hours. *Mr. Coates*

103. American Literature to the Civil War

A survey of American Literature, from its beginning to the Civil War, with emphasis upon the major writers. Three semester hours. *Mr. Coates*

104. American Literature Since the Civil War

Continuation of 103. Three semester hours. *Mr. Coates*

107. Shakespeare

Study of the principal plays of the first half of Shakespeare's career, including the romantic comedies and histories. Lectures and reports on the Elizabethan background. Three semester hours.

Mr. Chewning

108. Shakespeare

Study of the principal plays of the latter half of Shakespeare's career, including the major tragedies and romances. Three semester hours.

Mr. Chewning

110. Contemporary Drama

Reading of contemporary dramas from Ibsen to the present. Three semester hours. (Not offered in 1967-68)

Mr. Miller

112. Contemporary Literature

Major writers of the twentieth century in America and England. Three semester hours.

Mr. Miller

114. Milton

Reading of all of Milton's poetry and selections from his prose. Three semester hours. (Not offered in 1967-68)

Mr. Chewning

117. Seventeenth Century English Literature to the Time of the Restoration

Important works will be chosen from the drama, lyric, essay, and criticism. Chief among the authors studied will be Ben Jonson, Webster, Bacon, Donne, George Herbert, Vaughan, and Marvell. Three semester hours. (Not offered in 1967-68)

Mr. Secondi

120. English Literature of the Restoration and Eighteenth Century, 1660-1800

A study of important works from the literature of this period. Works to be studied will be selected from satire

(poetry and prose), essay, lyric, and biography. The chief authors studied will be Dryden, Swift, Pope, Fielding, Gray, Johnson, and Boswell. Three semester hours.

Mr. Secondi

123. The Romantic Period

Consideration of the new creative spirit which shows itself in the poetry of Wordsworth, Coleridge, Shelley, Byron, and Keats, as well as in the minor writers of the age. Three semester hours. (Not offered in 1967-68)

Mr. Gross

126. The Victorian Period

A study of the noteworthy changes in industrial, political, intellectual, and spiritual life of the English people as reflected in the poetry and prose of the Victorian era. Three semester hours.

Mr. Chewning and Mr. Covington

127. The Early English Novel

Reading of representative British novels of the eighteenth century and Romantic Period, from Defoe to Scott. Three semester hours.

Mr. Gross

128. The Later English Novel

Major novels of the Victorian and modern periods. Three semester hours.

Mr. Gross

130. The Modern American Novel

The novel from James to the present. Three semester hours.

Mr. Miller

131. Chaucer

Study of Chaucer's major poetry, with some attention to the medieval background and to Chaucerian criticism. Three semester hours.

Mr. Chewning

132. Russian Literature in Translation

A study of the major writers of the Golden Age of Russian Literature, including Pushkin, Gogol, Tolstoy, Dos-

toevsky, Turgenev, and Chekov. Special attention will be given to a study of the influence of western thought upon these writers and of their influence upon contemporary western literature. Three semester hours. *Mr. Coates*

133. Comparative Literature

A comparative study of selected works from the great literatures of the world. The course is intended to allow the student to gain some sense of the breadth, nature, and importance of his cultural heritage, so far as he can do this through a study of a few literary works in translation. The first semester is not prerequisite to the second. Three semester hours. (Not offered in 1967-68) *Mr. Miller*

134. Comparative Literature

Continuation of 133. Three semester hours. (Not offered in 1967-68) *Mr. Miller*

135. Principles of Literary Criticism

A study of the principles by which one distinguishes the best from the inferior in literature. Some attention will be given to the opinions of major critics, but the main part of the course will be

practical and inductive, and concerned with the discussion of selected works. Three semester hours. *Mr. Miller*

141. Creative Writing

For juniors and seniors interested in writing poetry, essays, and short stories. Three semester hours. (Not offered in 1967-68) *Mr. Coates*

142. Introduction to Journalism

An introduction to news writing. Emphasis on the actual gathering and writing of news. Three semester hours. (Not offered in 1967-68) *Mr. Coates*

145. History of the English Language

A study of the growth of English as a living language from its beginning to the present with the purpose of clarifying and explaining modern usage. Three semester hours.

146. English Linguistics

A course designed to introduce the student to current trends in the study of the English language. Attention to phonetics, descriptive linguistics, and generative grammar. Three semester hours.

FOREIGN LANGUAGES

Mr. Adams, Chairman

Mr. Fernandez Mr. Forbes Mr. Hentz
Mrs. Gagarine Mr. Ramirez

The first object of the courses in Foreign Languages is to teach the student to read the languages readily, with a view to literary appreciation and as an aid in the pursuit of other studies, in the case of the modern languages, the second, to attempt to achieve proficiency in the oral and written language. Prerequisite: Chinese 1-2 for Chinese; French 1-2 for French; German 1-2 for German; Greek 1-2 for Greek; Latin 1-2 for Latin; Russian 1-2 for Russian; Spanish 1-2 for Spanish.

A major consists of at least eighteen semester hours in the department. Twelve semester hours must be taken in Chinese,

French, German, Greek, Latin, Russian, or Spanish. Six additional hours must be taken in any one of these subjects. The choice of any other courses in the student's major program will be made by the student in conference with the Chairman of the Department.

CHINESE

1-2. Elementary Chinese

Elementary Chinese ideograph; pronunciation; dictation, conversation; memorizing of common idioms and everyday expressions; reading of easy stories. Six semester hours. *Mr. Ling*

51-52. Intermediate Chinese

Reading of selections from standard prose writers. Chinese calligraphy; advanced composition and conversation. Prerequisite: Chinese 1-2. Six semester hours. (Not offered in 1967-68) *Mr. Ling*

FRENCH

1-2. Elementary French†

Elementary French grammar; pronunciation; dictation; conversation; memorizing of common idioms and everyday expressions; reading of easy stories. Six semester hours. *Staff*

51-52. Intermediate French†

Reading of selections from standard prose writers. Advanced grammar; composition and conversation. Prerequisite: French 1-2, or two years of high school French. Six semester hours. *Staff*

101-102. French Prose in the Nineteenth Century†

Reading of selections from the Romantic and Naturalistic writers' History of French literature conducted in French. Prerequisite: French 51-52. Six semester hours. (Not offered in 1967-68) *Mr. Adams, Mr. Hentz*

153, 154. General View of French Literature.

Lectures, rapid reading of representative works; history of literature; reports. Prerequisite: French 51-52, or the equivalent. Six semester hours. (Not offered in 1967-68) *Mr. Adams*

161-162. Composition and Conversation†

Conducted in French. Conversation and composition based on readings from modern writers. Prerequisite: French 51-52. Six semester hours. *Mr. Hentz*

GERMAN

1-2. Elementary German†

Elementary German grammar; pronunciation; dictation; conversation; memorizing of common idioms and everyday expressions. Reading of easy stories. Six semester hours. *Mr. Forbes*

51-52. Intermediate German†

Reading of selections from standard prose writers. German lyrics and ballads. Advanced grammar; composition and conversation. Prerequisite: German 1-2 or two years of high school German. Six semester hours. *Mr. Forbes*

101, 102. Conversation and Composition

Intended to drill the student in the application of grammar and the idiomatic usage of German. Six semester hours. *Mr. Forbes*

121, 122. Scientific German Readings

Reading of scientific texts of standard

difficulty intended for science majors who plan to enter graduate school. Six semester hours. (Not offered in 1967-68)

Mr. Forbes

GREEK

1-2. Beginner's Greek†

A thorough study of some book for beginners in connection with reading, in the original, myths, fables, and stories from Greek life. Six semester hours.

Mr. Secondi

51-52. Anabasis and New Testament†

During the first semester two or three books of the *Anabasis* will be read. The second semester will be devoted to the study of New Testament Greek. Sight reading will be practiced throughout the entire year. Six semester hours.

Mr. Secondi

101-102. Readings in Greek Literature

Reading of selected plays of Euripides, Sophocles and Aristophanes; reading selections from Plato (The Apology), Herodotus and Lysias. Six semester hours.

Mr. Secondi

LATIN

1-2. Latin for Beginners†

Grammar, composition, and pronunciation. Reading of Latin and Greek myths. Six semester hours.

Mr. Secondi

51-52. Readings in Latin Literature†

The first term will be devoted to prose, with emphasis on the orations of Cicero; the second, to poetry, with emphasis on the works of Vergil and Ovid. Sight reading will be stressed. Prerequisite: Latin 1-2, or two years of high school Latin. Six semester hours.

Mr. Secondi

RUSSIAN

1-2. Elementary Russian†

Elementary Russian grammar, pronunciation, vocabulary, and use of common

idioms. Extensive practice in everyday conversation. Reading and writing. Six semester hours.

Mrs. Gagarine

51-52. Intermediate Russian†

Advanced Russian grammar and composition. Readings from standard Russian writers, newspapers, and periodicals. Conversation. Six semester hours.

Mrs. Gagarine

103, 104. Russian

Oral proficiency stressed in the first course, which includes lectures in Russian on the historical development of the country. Second course stresses written language through free composition, dictation, etc. Assigned readings and discussions in Russian. Six semester hours.

Mrs. Gagarine

SPANISH

1-2. Elementary Spanish†

Elementary Spanish grammar; pronunciation; dictation; conversation; letter-writing; memorizing of common idioms and everyday expressions. Reading of easy stories. Six semester hours.

Staff

51-52. Intermediate Spanish†

Reading of selections from standard prose writers. Advanced grammar; composition; commercial correspondence; conversation. Prerequisite: Spanish 1-2, or two years of high school Spanish. Six semester hours.

Staff

103, 104. Spanish Conversation and Composition

Conversation and composition based on readings from modern prose writers. Prerequisite: Spanish 51-52, or its equivalent. Conducted in Spanish.

Mr. Ramirez

153, 154. General View of Spanish-American Literature

Rapid reading of representative works from many countries; lectures; history

of literature; reports. Prerequisite: Spanish 51-52. Conducted in Spanish. Six semester hours. (Not offered in 1967-68)

Mr. Fernandez

161, 162. Spanish Prose of the late Nineteenth and Early Twentieth Centuries

Rapid reading of representative works by outstanding writers, with special emphasis on the novel and short story. Lectures; history of literature; out-

side reading and reports. Prerequisite: Spanish 51-52. Conducted in Spanish. Six semester hours. (Not offered in 1967-68)

Mr. Fernandez

173, 174. General View of Spanish Literature

Rapid reading of representative works; lectures; history of literature; reports. Prerequisite: Spanish 51-52. Conducted in Spanish. Six semester hours.

Mr. Fernandez and Mr. Adams

GEOLOGY Mr. Harrington, Acting Chairman

In both of these courses most of the laboratories are held in the field where students learn to appreciate the earth as they find it. The range of these trips extends from the Atlantic Ocean to eastern Tennessee and the students make a composite cross section of a four hundred mile traverse across the continent through many structures and rocks of all the eras.

1-2. Science (See page 37 for description).

51. Introduction to Geology

A study of the Earth as a planet, the rocks and minerals of which it is composed, and the processes that continually modify its surface. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Harrington

52. Introduction to Geology

A study of the history of the Earth from the creation to modern times as this may be read from the record of the rocks and fossils. Prerequisite: Geology 51 or permission of instructor. Three hours a week lecture and one laboratory period a week. Four semester hours.

Mr. Harrington

GOVERNMENT Mr. Bass, Chairman

Mr. Dunson Mr. Ling

Government 51 and Government 52 are prerequisites to a major in this department and should be taken as early as possible by prospective majors.

The aim of the Department of Government is to guide students in the development of values and principles basic to good government, citizenship, and world understanding, and to help each student see himself in relation to his total environment. To this end the major in Government is variously designed: (1) to educate citizens and to promote their active

interest and leadership in public affairs; (2) to provide students with pre-professional training for graduate school; and (3) to offer a broad background for careers in teaching, public affairs, and politics.

A major in government consists of twenty-four semester hours which must include Government 226, six semester hours in Division A including Government 52, three semester hours in Division B, six semester hours in Division C including Government 163, and three semester hours in Division D. All required work must be taken within the department. Each major is also required to successfully complete a prescribed reading program and to pass a comprehensive examination.

It is recommended that students who wish to do graduate work in government include Economics 51 and Economics 141, Statistics, in their academic program. All students, particularly pre-law students, should take a course in logic.

51. Introduction to Government

A study of the principles of government with an emphasis on the structure and functions of government in the United States. Three semester hours. *Staff*

226. Seminar

A course designed to serve as a synthesis of the formal structures as well as the informal forces shaping the governmental process. Open to government majors only. Three semester hours. *Staff*

DIVISION A: AMERICAN GOVERNMENT

52. American Government

An examination of the three branches of government with particular emphasis on the President and Congress and their interrelationships. (Government majors must take the course prior to other advanced American government courses.) Prerequisite: Government 51. Three semester hours. *Mr. Dunson*

105. Constitutional History of the United States

See History 105. Credit is given to government majors

116. Public Policies Toward Business (Government and Business)

See Economics 116. Credit is given to government majors.

121. American Political Parties

A study of the organization and functions of parties and pressure groups in the political process, and an analysis of the voting behavior of the American public. Three semester hours. *Mr. Dunson*

152. Public Administration (formerly State and Local Government)

Introduction to basic principles of public administration. Some time will be devoted to state and local administrative problems. Three semester hours. *Mr. Dunson*

186. Constitutional Law of the United States

A study of leading constitutional decisions and their contributions to governmental and political development in the United States. Three semester hours. *Mr. Dunson*

DIVISION B: FOREIGN AFFAIRS

136. Diplomatic History of the United States

See History 136. Credit is given to government majors.

137. International Relations

A study of the relations among peoples, groups, and states in the world community and the forces, pressures, and processes which condition the policies of states. Three semester hours. *Mr. Ling*

138. International Organization and Law

A combined study of the structure and functions of international and regional organizations, and principles of international law as they relate to international politics. Three semester hours. *Mr. Bass*

DIVISION C: COMPARATIVE GOVERNMENT

122. Governments of Asia

An examination of the governmental structures, political processes, and international relations in historical and cultural perspective of Asian states. Three semester hours. *Mr. Ling*

123. Governments of Africa

An examination of the governmental structures, political processes, and international relations in historical and cultural perspective of African states. Three semester hours. *Mr. Bass*

154. Problems of Political Development

An examination of the major problems confronting the developing states in the international system. Prerequisite: Government 122 or 123, or History 104. Three semester hours. *Mr. Ling*

163. Western Europe and the Soviet Union

A comparative study of the political systems of the major governments of Western Europe and the Soviet Union with emphasis on the formal institutions of government as well as the informal forces and their role in the formation of decisions and the exercise of power. Three semester hours. *Mr. Bass*

DIVISION D: POLITICAL THEORY

191. Ancient and Medieval Political Thought

A study of the principal political ideas of the ancient and medieval periods. Three semester hours. *Mr. Ling*

192. Modern Political Thought

A study of Western political thought from the sixteenth century to the present time. Three semester hours. *Mr. Ling*

193. Non-Western Political Thought

A study of political thought in the non-Western world, with emphasis on the contemporary period. Three semester hours. Prerequisite: Government 191 or 192. *Mr. Ling*

INDEPENDENT STUDY

200. Independent Study

The mature Senior is afforded an opportunity to pursue a more intensive study of an area of personal interest in government. Upon approval by the Instructor, the student is expected to engage in independent study, report on his reading, and to produce such paper or papers as may be required by the Instructor. Periodic conferences will be held with the Instructor. Such programs must be approved at least six weeks prior to registration day. Three semester hours. *Staff*

HISTORY Mr. Jones, *Chairman*
Mr. Bayard Mr. Lesesne Mr. McCowen
Mr. Thoroughman

Prerequisite: History 1, 2.

A major consists of twenty-one hours. All majors also have to meet certain departmental distribution requirements, taking a certain amount of advanced work in early European, modern European, and American history. Majors also are required to take History 65 and successfully complete senior comprehensive examinations.

1. History of Modern Western Civilization to 1815

A survey of the history of Western Europe in the modern period, from the Renaissance to the Congress of Vienna, with some attention given to related developments in other parts of the world community. As a required course for all students, it is designed to furnish an introduction to the influences which have shaped modern civilization. Three semester hours. *Staff*

2. History of Western Civilization Since 1815

Continuation of History 1, required for all students. Three semester hours. *Staff*

61. History of the United States, 1763-1848

A survey of the political, social, and economic history of the American people from the late colonial period. Required of all students majoring in history. Three semester hours. *Mr. Jones, Mr. Lesesne, and Mr. McCowen*

62. History of the United States, 1848-1914

Continuation of History 61. Required of students majoring in history. Three semester hours. *Mr. Jones, Mr. Lesesne, and Mr. McCowen*

65. Research Methods

Suggestions about writing, introduction

to library and research tools, instructions in mechanics. Test on tools and procedures to be taken as early as possible by all students planning to major in history. Offered first semester. One semester hour. *Staff*

101. England to 1688

The history of England's emergence as a nation: its people, government, constitution, and religion, through the religious problems and constitutional settlement of the seventeenth century. Three semester hours. *Mr. Thoroughman*

102. England Since 1688

The history of modern Britain since the Glorious Revolution. Three semester hours. *Mr. Thoroughman*

103. Colonial Latin America

A survey of the colonial history of Latin America, dealing with exploration and discovery, colonial institutions and so-semester hours. *Mr. Jones and Mr. Lesesne*

104. Latin America Since Independence

A continuation of History 103, dealing with the national period to the present—political, social, and economic. Three semester hours. *Mr. Jones and Mr. Lesesne*

105. Constitutional History of the United States

A historical study of the framing of the Constitution of the United States and the major constitutional doctrines and judicial controversies over the meaning of constitutional provisions. Three semester hours. *Mr. McCowen and Mr. Lesesne*

113. History of the Old South

A cultural, economic, and social history of the South before the Civil War, with limited attention given to political conditions and developments. Three semester hours. *Mr. Jones*

114. History of the New South

The South since the Civil War; a continuation of History 113. Three semester hours. *Mr. Jones*

123. History of South Carolina

A survey of the state's history during both colonial and the early national periods. Three semester hours. *Mr. Jones*

124. History of South Carolina

Continuation of History 123 from about 1800 to present day. Three semester hours. *Mr. Jones*

135. Colonial America

A survey of the establishment and development of the English colonies in society, and political developments. Three semester hours. *Mr. Jones and Mr. Lesesne*

Mr. McCowen

136. Diplomatic History of the United States

A survey of American relations with foreign powers from the Revolution to the present. Three semester hours. *Mr. Lesesne*

139. Twentieth Century America

History of the United States since 1914. Three semester hours. *Mr. Jones, Mr. Lesesne*

143. The Ancient World

A study of the emergence and development of the early river valley civilization, of the Greek city states, the Hellenistic Age, and the Roman world. Three semester hours. *Mr. Bayard*

144. History of the Middle Ages

A survey of medieval civilization with emphasis on cultural and institutional developments. Three semester hours. *Mr. Thoroughman*

145. Renaissance and Reformation (1300-1600)

A study of developments in Western Europe from about 1300 to about 1600, tracing the rise of commerce, the culture of the Renaissance, the Protestant and Catholic Reformations, and the age of discovery. Three semester hours. *Mr. Thoroughman*

146. Europe in the 17th and 18th Centuries

A consideration of the social, economic, political and intellectual development of Europe, including Great Britain, from 1600 to 1789. Special emphasis will be placed on the emergence of the nation state, the rise of modern science, and the intellectual milieu of the Enlightenment. Three semester hours. *Mr. Thoroughman*

147. Europe, 1789-1870

A survey of the growth of nationalism and democracy in modern Europe, with

attention also being given to diplomatic relations, economic growth, social conditions, and intellectual climate. Three semester hours.

*Mr. Bayard and
Mr. Thoroughman*

148. Europe, 1870-1918

A survey of Europe on the threshold of the twentieth century, with attention given to social conditions, the new states of Italy and Germany, the rise of imperialism, world politics and the struggle for power in Europe through World War. I. Three semester hours.

Mr. Bayard

149. Europe and the World, 1918-1930

This course and its sequel, History 152 are designed to furnish historical background for better understanding of complex contemporary world problems. Primary emphasis is on the history of Europe, but much attention is given other areas, and the emphasis is on world-wide international relationships. The two companion courses divide chronologically about 1930. Three semester hours.

Mr. Bayard

150. The World Since 1930: New Age of Conflict

Essentially a continuation of History 149 described above. Three semester hours

Mr. Bayard

181. Special Topics in United States History

Selected problems, periods, or trends for intensive study and extensive read-

ing. Subject matter will vary. Admission with permission of instructor. Three semester hours.

Staff

182. Special Topics in European History

Same as History 181, except in European field. Three semester hours.

Staff

183. Independent Study in United States History

Opportunity is offered to the student to develop projects of special interest. After approval of topic by the instructor, the student is expected to engage in general bibliographical study, report on his reading, and to produce such paper or papers as directed by the instructor. Periodic conferences will be held with the instructor. Prerequisites: Junior or senior standing, approval of the department, and permission of the instructor. Such programs to be approved at least six weeks prior to registration day. Three semester hours.

Staff

184. Independent Study in European History

Same as History 183, except in European field. Three semester hours.

Staff

192. Seminar in Historiography

A study of some of the major trends, assumptions and problems in the writing of European and American history as related to the changing intellectual milieu from the Enlightenment to the present. Three semester hours.

Mr. McCowen

MATHEMATICS AND ASTRONOMY Mr. Hill, Chairman

Mr. Bell Mr. Pegram Mr. Robinson Mr. Varner

For the major in mathematics, the following courses are required: Math 51-52, Math 81, 82, Math 115, 116, Math 121-122.

In addition, for recommendation to graduate school, at least one of the following courses should be taken: Math 131, 132, Math 141, 142, Math 151, 152.

The prospective major is strongly urged to choose either German, French, or Russian as his degree language.

1. Algebra

Quadratic equations. Elements of the general theory of equations. Inequalities. Three semester hours.

Staff

2. Plane Trigonometry

Primarily analytical trigonometry. Logarithms, Complex numbers through De Moivre's Theorem. Three semester hours.

Staff

21, 22. Analytic Geometry and Calculus

This is an integrated course containing the Analytic Geometry—lines, conics, polar coordinates, and parametric equations—essential to the calculus. Thorough training in differentiation, integration, application to time rates, maxima and minima, curvature, area, volume and length. Prerequisite: Math 1-2 or high school equivalent. Six semester hours.

Staff

51. Intermediate Calculus with Analytic Geometry

Sound training in more advanced methods of integration with applications to volumes, centroids and moments of inertia. Infinite series and expansions. Selected topics in solid analytics. Partial differentiation and multiple integration techniques. Simple differential equations. Prerequisite: Mathematics 21-22 or high school equivalent. Required for majors. Three semester hours.

Staff

52. Ordinary Differential Equations

A study of ordinary differential equations, including the use of differential operators, integration in series, and the application to the solutions of problems

in the sciences. Prerequisite: Mathematics 51. Required for majors. Three semester hours.

Staff

81, 82. Algebra I and Analysis I

Axiomatic development of the essentials of abstract algebra and modern analysis. Sets, relations, functions, some mathematical systems (including groups, rings, fields). A development of the real number system, limits of functions, continuity, differentiability, integrability. Required for majors. Six semester hours.

Staff

115. Linear Algebra and Vector Spaces

An axiomatic approach to the theory of vector spaces. Independence of vectors, dimension and basis. Sums and intersections of subspaces. Linear transformations and matrices. Systems of linear equations and determinants. Inner product spaces, orthonormal basis, complete orthonormal sets. Required for majors. Three semester hours.

Staff

116. Topology I

Basic concepts of the theory of topological spaces. The construction of topologies. Continuity and homeomorphism. Separation, compactness, and connectedness. Metric spaces and completeness. Prerequisite: Mathematics 81-82. Required for majors. Three semester hours.

Staff

121, 122. Advanced Calculus

Advanced work with partial derivatives and multiple integrals. Line and surface integrals. Special functions including Fourier Series, Laplace Transforms, and partial differential equations. Pre-

requisite: Mathematics 51-52. Required for majors. Six semester hours. *Staff*

131, 132. Analysis II and III

A completely rigorous development of a limited number of topics from real and complex variable theory. Alternates with Mathematics 141-142. Prerequisite: Mathematics 81-82. Six semester hours. *Staff*

141, 142. Algebra II and III

Further study of structures in abstract algebra. General theory of groups, rings, and fields. Alternates with Mathematics 131-132. Prerequisite: Mathematics 81-82. Six semester hours. *Staff*

151, 152. Topology II and III

The first semester will include product spaces, quotient spaces, separability, 2nd countability, Baire category

theorem, Urysohn's lemma, Tietze extension theorem and the Hahn-Mazurkewicz theorem. The second semester will cover dimension theory, homotopy, homology and correlations of topology with other fields of mathematics. Prerequisite Math 116. Six semester hours. *Staff*

ASTRONOMY

192. Descriptive Astronomy

A general course designed to give a comprehensive knowledge of the principal facts, theories, and methods of the subject, with particular attention to the basic concepts held by astronomers concerning the structure of the universe. Use is made of the planetarium in familiarizing the student with the night sky and the elements of celestial geometry. Three semester hours. *Staff*

MILITARY SCIENCE

Colonel Stover, *Chairman*

Maj. Brooks	Capt. Witmyer	SFC Matheson
Maj. Kennedy	S/Maj. Christmas	SSG Roseberry
Maj. McCue	MSG Tubbs	

Each course in Military Science is divided into several subcourses, each being a complete subject within itself and forming the basis for more advanced training. Freshmen have one hour of classroom work per week, Sophomores two hours per week, Juniors and Seniors three hours per week. In addition to the military subcourses, Freshmen, Junior and Senior students will select one elective each year from the following general academic areas: Effective Communications, Science Comprehension, General Psychology, or Political Development and Political Institutions. All students are required to attend a one and one half hour per week Leadership Laboratory for practical work in leadership, drill, and command.

1-2. Military Science Course I

Individual Weapons and Marksmanship, U. S. Army and National Security, Organization of the Army and ROTC, Leadership Laboratory, and one three semester hour elective course. Two semester hours. *Staff*

51-52. Military Science Course II

American Military History, Map and Aerial Photograph Reading, Introduction to Operations and Basic Tactics, and Leadership Laboratory. Four semester hours. *Staff*

101-102. Military Science Course III

Theory of Leadership, Military Teaching Principles, Branches of the Army, Small Unit Tactics and Communication, Pre-camp Orientation, Leadership Laboratory, and one three-semester-hour elective course. Six semester hours. *Staff*

103-104. Military Science Course IV

Operations, Logistics, Army Administration, Military Law, the Role of the United States in World Affairs, Service Orientation, Leadership Laboratory, and one three-semester hour elective course. Six semester hours. *Staff*

MUSIC AND ART DEPARTMENT

Mr. Coker, *Acting Chairman*

Mrs. Armitage

51. The Elements of Music

An introduction to the elements of music, both aural and visual. Emphasis is placed on the development of aural recognition and identification of musical patterns, and on the development of proficiency in recognizing and responding to the symbols of music notation. Opportunities for the application of the facts studied will be provided through class participation in musical experiences. Three semester hours. *Mr. Coker*

101. Music Appreciation

An introduction to the art of perceptive listening. This general survey of music, from the middle ages through the present time, helps to give the student some understanding of the fundamental principals of music as a mode of abstract communication. Experience in guided listening gives opportunities for the creation of a sensitive awareness to the aesthetic values of musical experience, and a foundation for the formulation of informed critical estimates of listening experiences. Three semester hours. *Mr. Coker*

102. Art Appreciation

A survey of the art of the Western world with emphasis on the appreciation of its architecture, painting and sculpture from the pyramids to modern

times. Designed to give the student a background for personal enjoyment. Three semester hours. *Mrs. Armitage*

105. Italian Renaissance Art

A history of the art of the Italian Renaissance from 1250 to 1600. A comprehensive survey of art movements in painting, sculpture and architecture of this period. Three semester hours. *Mrs. Armitage*

107. Greek and Roman Art

A survey of Greek and Roman art viewed against their historical and geographical backgrounds. The course will include the arts of Crete and Mycenae; Archaic, Transitional, Classical, Hellenistic and Graeco-Roman sculpture and architecture, as well as classical revival in America, with particular emphasis on South Carolina. Three semester hours. *Mrs. Armitage*

109. Oriental Art

A survey of oriental art from 2500 B.C. to 1644 A.D. The arts of each country will be studied against the religious, philosophical and cultural background of their periods. The interrelationship of the arts of the different areas will be carefully examined. Three semester hours. *Mrs. Armitage*

Black Music-Art Center

**PHILOSOPHY**Mr. Christensen, *Acting Chairman*

Mr. Colloms

The study of philosophy affords the opportunity to practice the application of the principles of critical and systematic thinking, to become acquainted with ideas which have shaped culture, and to become cognizant of major alternative philosophical perspectives and their import with respect to life problems and problems within various intellectual disciplines.

A major in philosophy is composed of twenty-one semester hours of course work, and must include 51; 111; 151; 153; 122 or 163 and 171 or 172. The course taken to satisfy the three semester hours of philosophy required of all students may not be included in the twenty-one semester hours required for a major.

51. Problems and Methods of Philosophy

Selected areas of philosophy as a discipline with attention to the consequences for living of various philosophic viewpoints. Among the topics discussed are: methodology, theories of knowledge and reality, ethics, philosophy of religion, and philosophy of history. Three semester hours. *Staff*

101. Aesthetics

A critical examination of various historical and contemporary answers to the question: What is the nature of a work of art and what is its function in human experience? Consideration will be given to painting, literature, and music. *Mr. Christensen*

111. Principles of Ethics

A course designed to acquaint the student with the historical background and theories of morality, the factors and conditions that influence human conduct, the nature of the moral life, and the significance of ethical principles for contemporary life. Three semester hours. *Mr. Colloms*

116. Social Ethics

A consideration of practical problems incident to life in our modern world, and the application of the basic ethical insights to their solution. Three semester hours. *Mr. Colloms*

122. Principles of Logic

A general survey of the major topics in the philosophy of language, and the principles of inductive and deductive logic. Designed for the general student and for those who expect to do advanced work in law, medicine, science, theology and philosophy. Three semester hours. *Staff*

131. American Philosophy

The development of philosophic thought in America from the Colonial Period to the present. Emphasis will be placed upon selections from the writings of Charles Sanders Peirce, Josiah Royce, George Santayana, William James, Alfred North Whitehead and John Dewey. Three semester hours. *Mr. Colloms*

135. Philosophy of Religion I

The nature of religion, God and His relation to the universe, the nature

and destiny of man, religious knowledge, the problem of evil, religious values, and the significance of religious practices. Three semester hours. *Mr. Colloms*

136. Philosophy of Religion II

The consideration of the foundations, variety, growth, meaning and validity of religious experience. Special attention will be given to the study of conversion, prayer and worship, mysticism, religion and mental health. This course does not require Philosophy 135 as a prerequisite. Three semester hours.

Mr. Colloms

151. History of Western Philosophy I

Hellenic and Hellenistic philosophy from its origins through Neo-Platonism with emphasis upon Plato and Aristotle. No prerequisite. Three semester hours.

Mr. Christensen

152. History of Western Philosophy II

From Augustine through the Middle Ages, the Renaissance, and the rise of modern science. No prerequisite. Three semester hours.

Staff

153. History of Western Philosophy III

Continental rationalism (Descartes, Spinoza, and Leibniz), British empiricism (Locke, Berkeley, and Hume), the Enlightenment, Kant, and German

idealism through Hegel. No prerequisite. Three semester hours. *Mr. Christensen*

163. Symbolic Logic

A study of deductive logic based upon modern developments such as the use of symbolism and truth tables. No prerequisite. Three semester hours.

Mr. Christensen

164. Philosophy of Science

Examination and evaluation of assumptions, laws, and methods of science with attention to problems such as the unity of science. No prerequisite. Three semester hours.

Mr. Christensen

171. Contemporary Types

The study and discussion of one type of philosophy, such as existentialism, phenomenology, language analysis, classical realism, etc., within the context of recent and contemporary thought. Special attention is given to philosophical method. Prerequisite: philosophy 151, 153, or consent of instructor.

Staff

172. Contemporary Topics

Study and discussion centered around one philosophical topic of current significance, with major attention to recent and contemporary philosophers. Prerequisite: philosophy 151, 153, or consent of instructor.

Staff

PHYSICAL EDUCATION

Mr. Scheerer, Chairman

Mr. Alexander

Mr. Brakefield

Mr. Stober

Mr. Snidow

The purpose of this department is to promote health, growth, and development of the body. The various activities included in the program produce the highest muscular coordination and greatly improve the efficiency of the body and mind. Activities included in the program are: calisthenics, tumbling, gymnastics, volleyball, group games, intramural sports, individual and dual sports.

This department also serves the purpose of providing ad-

vanced courses in physical education whereby a student may be prepared to teach physical education and coach in high school. A student may fully qualify under the rules of the Department of Education of the State of South Carolina for full-time teaching of physical education in high school by taking the advanced courses below and completing 4—6 semester hours in physiology and anatomy and 6—8 semester hours in chemistry and/or physics.

1. Physical Education

Basic course for freshmen not taking ROTC course. Course includes exercises, fundamental instruction and competition in soccer, speedball and kickball. The National AAHPER fitness test for college students will be administered twice, results of which will become a part of each student's final grade. Standard appropriate attire will be required. The class meets three times each week. One semester hour credit.

Staff

2. Physical Education

Basic course for freshmen not taking ROTC course. Course is a continuation of Physical Education 1, with fundamental instruction and competition in blitzball, bounce volleyball, volleyball and tumbling. The National AAHPER fitness test will be administered, results of which will become a part of each student's final grade. Standard appropriate attire will be required. The class meets three times each week. One semester hour credit.

Staff

meets three times each week. Two semester hours credit. *Staff*

51. Physical Education

Basic course for sophomores not taking ROTC course. Course includes fundamental instruction and competition in individual and dual sports, such as badminton. The National AAHPER fitness test for college students will be administered twice, results of which will become a part of each student's final grade. Standard appropriate attire will be required. Class meets three times each week. Two semester hours credit.

Staff

101. Methods and Materials in Health Education

A course in the theory of health education, including a survey of teaching materials and classroom methods. The course covers such topics as first aid, safety, communicable diseases, sanitation and healthful living. Three semester hours.

Mr. Scheerer

50. Physical Education

Basic course for sophomores not taking ROTC course. Course includes exercises, fundamental instruction and competition in track and field, rebound tumbling and gymnastics. The National AAHPER fitness test for college students will be administered twice, results of which will become a part of each student's final grade. Standard appropriate attire will be required. Class

102. Group Recreation

Course includes a study of group games that are adaptable to the public schools. Special emphasis is placed on economy of equipment, games adaptable for indoors in limited space, games for the classroom, both quiet and active. Games for short recess periods and recreation periods are stressed. Three semester hours. Required for certification in Physical Education. *Mr. Scheerer*

103. Organization and Administration of Health and Physical Education

This course covers the various phases of the work of administration in a high school department of health and physical education. A study is made of curriculum building and the use of facilities at the disposal of the director of physical education and intramurals. A survey is made of needed equipment for various types of schools. Three semester hours. Required for certification in Physical Education. *Mr. Scheerer*

104. History and Philosophy of Health and Physical Education

The historical background of health and education movements in the world, and a survey of the underlying principles, aims, and objectives of a school health and physical education program. Three semester hours. Required for certification in Physical Education.

Mr. Scheerer

105. Materials and Applied Techniques of Interscholastic Sports

A survey of high school coaching covering basketball and football. The class will make a thorough study of the science of the games and coaching methods. Three semester hours. Required for certification in Physical Education.

*Mr. Brakefield and
Mr. Alexander*

106. Materials and Applied Techniques of Interscholastic Sports

A continuation of Physical Education 105, with baseball and track being studied. Three semester hours. Required for certification in Physical Education.

Mr. Brakefield

108. Intramural Sports Program

A study of the high school intramural programs for the small, medium and

large high schools. Students will be required to know the rules and modifications to meet the high school program, to organize and coach the various sports adaptable to the high school, and in addition pass proficiency tests in each of the intramural sports studied. Point systems, intramural councils, awards, coeducational sports, and scoring plans will be studied. Three semester hours. Required for full certification in Physical Education. *Mr. Scheerer*

110. Tests and Measurements in Health and Physical Education

A study of the tests adaptable to the high school program will be studied. Construction of tests and administration of tests will be studied, also statistical applications to tests will be covered. Three semester hours. Required for full certification in Physical Education.

Mr. Scheerer

113. Physical Education

Techniques of tennis for high school coaches. Open only to BEGINNERS. Students must furnish their own racquets, balls and appropriate attire. Class will meet six days a week for the required number of days. Three semester hours credit. (Not offered in 1967-68)

Mr. Scheerer

114. Physical Education

Techniques of golf for high school coaches. Open only to BEGINNERS. At least ten afternoons must be available at the discretion of the instructor for actual course competition on the local courses. Students must furnish their own clubs, practice balls, game balls, carts, caddies, green fees and proper attire. Class meets regularly six times a week subject to the above additional time. Three semester hours credit.

Mr. Scheerer

PHYSICS Mr. Olds, *Acting Chairman*

Mr. Hartman Mr. Parker

A major in physics consists of not less than 26 semester hours in the department, beyond General Physics. These must include Physics 61, Physics 131, and Physics 151. A physics major normally will begin in his freshman year with Physics 21-22, Math 21-22 and Chemistry 23-24. Preparation for graduate work in physics should include 8 hours of chemistry, Math 51, Math 52, and Math 121-122. Math 115 is also recommended. French, German, or Russian should be selected to meet the language requirement. Major prerequisite: Physics 21-22.

1-2. Science (See page 37 for description)

21-22. Corequisite: Math 51. Three lectures per week. Three semester hours. *Staff*

21-22. General Physics†

A study of mechanics, heat, light, sound, electricity and magnetism, and modern physics. The student is expected to demonstrate knowledge of the factual material as well as the ability to apply this knowledge. Prerequisite Math 1-2 or Corequisite Math 21-22. Three lectures and one laboratory per week. Eight semester hours.

Staff

53. Elementary Modern Physics

The development of the concepts of modern physics. Stress is placed upon the reasons for the necessity to depart from classical theories; modern theories are presented as a necessary consequence of experimental observations. A terminal course, not usually taken by majors, covering a portion of the material presented more fully in physics 151, 152. Prerequisite: Physics 21-22. Three lectures per week. Three semester hours.

Staff

61. Intermediate Mechanics

An introduction to vector Newtonian analytical mechanics. A further development of the mechanics section of Physics 21-22. Prerequisite: Physics

72. Thermodynamics

An introduction to thermodynamics, kinetic theory, and statistical mechanics. Prerequisites: Physics 21-22 and Math 51. Three lectures per week. Three semester hours. *Staff*

82. Electronics

A lecture-laboratory course in the fundamentals of electronic circuits. Suitable for majors in other fields who wish to gain a basic knowledge of their electronic equipment. Prerequisite: Physics 21-22. Four semester hours. *Staff*

131. Electricity and Magnetism

Electrostatics, including the laws of Coulomb and Gauss, solution of the Poisson and Laplace equations and a study of the related vector calculus. Magnetic fields including the laws of Ampere and Faraday and the vector potential. The displacement current, the development of Maxwell's equations and the resulting wave equation. The laboratory portion of the course is devoted to electrical circuits and methods of electrical measurement. Corequisites: Physics 61 and Math 51. Three lectures and one laboratory per week. Four semester hours. *Staff*

142. Electromagnetic Waves

A study of the behaviour of classical electromagnetic waves, with applications throughout the spectrum. Elements of geometrical optics as an approximation to physical optics. Particular emphasis is placed on the wave nature of light. Three lectures and one laboratory per week. Four semester hours.

Staff

151, 152. Modern Physics

A study is made of the development of the atomic view of nature with emphasis on the basic experimental evidence. Includes an investigation of atomic and molecular structure and of the properties of the gaseous and solid states based on the atomic or molecular concept. The fundamentals of wave mechanics are presented. Nuclear structure, nuclear reactions, and elementary particles are studied. Physics 151 is prerequisite for Physics 152. Physics 131 is a corequisite of Physics 151. Three lectures and one laboratory per week. Each course is four semester hours.

Staff

161. Advanced Mechanics

A continued study in mechanics with emphasis on mathematical development, including the eigenvalue problem, the Lagrangian and the Hamiltonian formulation of classical mechanics. An introduction to some of the mathematical ideas necessary for a graduate study of quantum mechanics. Prerequisite: Physics 61. Corequisite: Math 121. Three lectures per week. Three semester hours.

Staff

PSYCHOLOGY

Mr. Seegars, *Chairman*

Mr. Hall

Mr. Scott

Mr. Stanton

Psychology represents an effort to integrate the social with the natural sciences in the study of infra-human and human behavior. A major is offered in psychology for those

171, 172. Advanced Laboratory Study

A set of experiments designed to acquaint the student with some of the techniques needed in graduate research and to introduce several of the areas of such research. Some of the classic experiments are included. The student is expected to participate in the design, introduction, and improvement of the experiments and of the apparatus. Prerequisite: Four semesters of laboratory physics. Two semester hours each. *Staff*

182. Mathematical Physics

A study of selected topics in theoretical physics with emphasis on the development or application of mathematical methods. Prerequisite: Departmental approval. Three lectures per week. Three semester hours. *Staff*

200. Special Topics in Physics

Individual study on a topic or topics approved by the department. Emphasis on use of the available literature to pursue an advanced topic in physics. Written and oral reports will be required and usually a presentation to another class, when the topic can be sufficiently related. Prerequisite: Departmental approval. Two semester hours. *Staff*

203. Research

A semester of active participation in one of the research projects currently conducted by the faculty. Usually one afternoon of laboratory work plus a related reading program. Two semester hours credit. *Staff*

students seeking a liberal education (Non-professional Program), or for those students preparing for graduate school or specialization in psychology (Professional Program). Example careers include opportunities in clinical psychology, teaching, personnel or counseling, aptitude assessment, human engineering, psychometrics, experimental, and university teaching or research. Some specialists are able to continue in private or sponsored research in such psychology problem areas as learning, motivation, sensation and perception and social phenomena of a psychological nature. However, students are cautioned that opportunities in psychology are generally not available without some graduate training.

Prerequisite: Psychology 51.

Core Program: The following courses constitute the core program in psychology: Psychology 134, 135, 141, 151, 156, and 172.

Non-Professional Program: Students in the non-professional program will be required to complete Psychology 134, 141, 172, one additional core course and four advanced electives in psychology for a minimum of 26 semester hours.

Professional Program: Students in the professional program will be required to complete all six core courses plus three advanced electives in psychology for a minimum of 30 semester hours.

Degree: Students in psychology may receive either the BA or the BS degree. Students who have completed 16 semester hours of natural science may receive the BS degree.

Students are required to complete psychology 141 either before or concurrent with attempting other core courses.

French, German or Russian are recommended for fulfillment of the College foreign language requirement.

51. General Psychology

An introductory survey course in psychology. Required of all majors. Three semester hours. *Staff*

52. General Psychology

Further discussions in depth of selected topics from general psychology. Such topics include theories of vision and

hearing, physiology, learning, perception, personality, and a review of significant experiments. Three semester hours. *Staff*

72. Industrial Psychology

A general course designed to acquaint students with the uses of psychology applied to industrial uses. A strong

emphasis is placed on interviewing, motivation, sales, brainstorming, and related aspects. Of special interest to students of business, law, and the ministry. *Staff*

103. Child Development

A study of the origin and development, up to the period of adolescence, of traits of behavior and personality. Emphasis is upon principles which promote wholesome development of the child. Either 103 or 104 is required for teacher certification in South Carolina. Prerequisite: Psychology 51. Three semester hours. *Staff*

104. Adolescent Psychology

Developmental psychology as applicable to young people from twelve to twenty. Problems that face young people approaching maturity are considered in detail. This course is required for teacher certification in South Carolina. Three semester hours. *Staff*

105. The Exceptional Child

A study of the exceptional child. While primary focus is on the mentally and emotionally handicapped child, some study is made of the diagnosis and etiology of all aspects of exceptional children. Three semester hours. *Staff*

112. Social Psychology

Utilizing an experimental approach, the psychology of social interaction and its effects on motivation perception, and learning are presented. Three semester hours. *Staff*

118. Personality Theory

The psychology of personality from the standpoint of the theoretical effects of heredity, environment and culture upon personality. Three semester hours. *Staff*

122. Psychological Measurements

A study of the theories basic to stan-

dardized tests, their function, construction, and application. Three semester hours. *Staff*

124. Behavior Disorders

The major patterns of deviant mental or social behavior, their etiology, diagnosis, prognosis, and cure. Three semester hours. *Staff*

131. Group Dynamics

Focal areas considered are persuasion and communication research, propaganda, brain washing, prejudice, attitude and opinion research, etc. Three semester hours. *Staff*

134. Experimental Psychology

A survey in depth of the empirical data of experimental psychology including psychophysics, psychophysical methodology, sensory and perceptual processes. Three hours of lecture and one laboratory period a week. Four semester hours. *Staff*

135. Experimental Psychology

A survey in depth of the empirical data of experimental psychology including learning, memory, and higher cognitive processes. Three hours of lecture and one laboratory period a week. Four semester hours. Spring *Staff*

141. Statistics

An examination in depth of the theory and tools of statistics, both descriptive and inferential, as applied to psychology. Three hours of lecture and one laboratory period a week. Four semester hours. *Staff*

151. Physiological Psychology I

A study of the functions of sensory systems as they relate to behavior. Three hours of lecture and one laboratory period a week. *Staff*

152. Physiological Psychology II

An investigation of the central nervous system structures and their behavioral functions. Three hours of lecture and one laboratory period a week. *Staff*

156. Theories of Learning

A review in depth of the theoretical and empirical aspects of learning. Three semester hours. *Staff*

172. History of Psychology

A survey of the history of and contemporary trends in psychology. Three semester hours. *Staff*

Psychology 205, 206. Seminar

An intensive examination of an ad-

vanced area of psychology. Specific content will vary according to the needs and interest of the students. Sample content subjects: Advanced Statistics, Animal Ecology, Comparative Animal Behavior, Advanced Physiological Psychology, Operant Design, Introduction to Clinical Psychology, etc. Three semester hours each. *Staff*

210. Independent Research

This course is designed to permit the student to learn independent research techniques through the actual planning and conducting of an experiment. A final paper meeting APA Journal form requirements completes the experiment. Two semester hours. *Staff*

RELIGION Mr. Bullard, *Chairman*

Mr. Barrett Mr. Wilson

The purpose of this department is to provide a core of academic studies in the field of Religion as the basis for a better understanding of the Christian faith and of the nature and proper use of its credentials, the Bible.

Students preparing for the Christian ministry are encouraged to major in Religion for two reasons: (a) the courses are designed not to duplicate seminary courses but to lay solid foundations for later work at the graduate—professional level, and (b) the course requirement is kept minimal in order to grant Religion majors freedom to elect courses from as many other departments as they desire. In this way the department guarantees pre-ministerial students opportunity for acquiring the broad liberal-arts background recommended by the American Association of Theological Schools. Obviously this sort of major is found desirable by other students as well.

For non-majors, advanced courses in Religion are of value in providing knowledge indispensable for maturity of insight and soundness of critical judgment applied to the role religion plays in the life of modern man.

The general requirement for graduation is six semester hours, which should be satisfied by the end of the sophomore year by completing any two courses numbered below 100.

The requirement for a major in Religion is twenty-one semester hours *selected by the student* from any courses numbered above 100. Two additional hours are granted senior majors for successful completion of the required independent research project and the weekly seminar in methodology (Religion 199, 200).

10. Introduction to the English Bible

The origin and significance of the Bible, the nature of its contents, the history of its growth into a sacred canon, and subsequent translations and versions. The message of the Bible in terms of faith and relevance for today's world. *Open only to second-semester freshmen.* Three semester hours. *Mr. Bullard*

51. The Biblical Heritage of Western Man I

The literary, historical, and theological contribution of ancient Israel to western civilization as reflected in the books of the Old Testament. Three semester hours. *Staff*

52. The Biblical Heritage of Western Man II

The emergence of Christianity in the western world as seen from an analysis of the New Testament writings. Three semester hours. *Staff*

60. Basic Christian Beliefs

The major convictions of the Christian faith concerning God, man, Jesus Christ, faith, salvation, the Church, etc., examined historically and in relation to their relevancy for modern life and problems. Three semester hours. *Staff*

101. Jesus in the Gospels

A literary and form-critical analysis of the Synoptics and the Fourth Gospel as they reflect the early church's understanding of Jesus' life and ministry. Attention is given to historical conceptions of Christ and to contemporary

interpretations of his significance. Prerequisite: Religion 52 or consent of instructor. Three semester hours. *Mr. Wilson*

102. The Life and Faith of Paul

A study of the book of Acts and the Letters of Paul for an understanding of his contribution to the development of early Christianity, with emphasis on his thought, work, and continuing influence. Prerequisite: Religion 52 or consent of instructor. Three semester hours. *Mr. Wilson*

111. The Prophets of Israel

The religion of the Hebrew prophets in the context of the social and political conditions of their times and its significance for contemporary religious thought. Prerequisite: Religion 51 or consent of instructor. Three semester hours. *Mr. Bullard*

112. Israel's Poetry and Wisdom Literature

A study of the book of Psalms and the religious and philosophical thought of Israel's Wisdom movement as found in Job, Proverbs, Ecclesiastes, and selections from the Apocrypha. Prerequisite: Religion 51 or consent of instructor. Three semester hours. *Mr. Bullard*

114. Archaeology and Biblical History

A survey of the religious, cultural, and historical backgrounds of the Bible as illuminated by pertinent archaeological discoveries in the Near East. The science of archaeology, its origins, growth, techniques, chief exponents, and limitations.

Prerequisites: Religion 51 and 52 or instructor's consent. Three semester hours. *Mr. Bullard*

117. The Religions of the Middle East

An historical and phenomenological examination of major non-Western religions. Attention is focused on the origins, scriptures, theologies, institutions, and cultic practices of primitive religion, Zoroastrianism, Islam, and Hinduism. Prerequisite: Philosophy 51 and two courses in Religion, or consent of instructor. Three semester hours. *Mr. Bullard*

118. The Religions of the Far East

A cultural analysis (continuing Religion 117) of classical Buddhism, Taoism, Confucianism, and Shinto from primitive origins to present world status. Prerequisite: Philosophy 51 and two courses in Religion, or consent of instructor. Three semester hours. *Mr. Bullard*

123. Introduction to Biblical Theology

The Bible as Word of God, the nature of scriptural revelation, the history and basic principles of interpretation, and the major unifying concepts of biblical faith (God, man, salvation) studied in the light of their religio-historical development from Israelite Yahwism to primitive Christianity. Prerequisite: Religion 51 and 52 or consent of instructor. Three semester hours. *Mr. Bullard*

124. Introduction to Christian Theology

A constructive analysis of classical doctrines against a background of historical development in the Church and in dialogue with contemporary Christian thought. Readings in Augustine, Luther, Calvin, Kierkegaard, Barth, Bultmann, the Niebuhrs, and Tillich. Prerequisite: Philosophy 51 and two courses in Religion. Three semester hours. *Mr. Barrett*

125. Christian Ethics

A study of Christian ethical perspectives as they have developed through history. Readings in the New Testament and the works of such thinkers as Augustine, Aquinas, Luther, Kierkegaard, Rauschenbusch, Maritain, and Niebuhr. Application of the various perspectives to modern problems involving the individual and society. Prerequisite: Philosophy 51 and two courses in Religion, or instructor's consent. Three semester hours. *Mr. Barrett*

126. The History of Christianity I

An introductory survey of principal events, personalities, and movements in the historical experience of the Christian community, beginning with its inception in the Graeco-Roman world and continuing through the period of the Reformation. Emphasis is placed on the interaction of the Church with the environment in which it functions from age to age. Prerequisites: History 1 and two courses in Religion or instructor's consent. Three semester hours. *Mr. Wilson*

127. The History of Christianity II

A continuation of Religion 126 with emphasis upon the development of Protestant Christianity since the Reformation continuing through the period of colonial American history. Three semester hours. *Mr. Wilson*

128. The American Religious Tradition

Studies in the role played by the Judaeo-Christian tradition in the formation of American mores, thought, and culture, with due attention to the reciprocal impact of environment on faith. Special note is taken of such distinctively American phenomena as revivalism, activism, and pluralism. Prerequisite: One course in American history or consent of instructor. Three semester hours. *Mr. Barrett*

130. Current Religious Thought

An examination of the thought of major contributors to contemporary theological discussion with special reference to the impact made on their thought by philosophical existentialism, depth psychology, historicism, and the modern communication crisis. Readings in Kierkegaard, Sartre, Jaspers, Barth, Berdyaev, Bonhoeffer, Buber, Bultmann, Maritain, the Niebuhrs, Tillich, Frankl, Tournier, and McLuhan. Prerequisite: Philosophy 51 or equivalent and two courses in Religion. Three semester hours.

Mr. Barrett

199. Senior Seminar

Selected problems in religious studies with emphasis on bibliography and methodology in research. Required of Religion majors in their final year. One semester hour.

Staff

200. Independent Research

Extensive investigation of an approved topic begun in Rel. 199 culminates in a full-length essay required of senior

Religion majors in the spring semester. One semester hour.

Staff

RELIGION SEMINAR IN NEAR EASTERN ARCHAEOLOGY

Wofford College is associated with the Institute for Mediterranean Studies which sponsors the Near Eastern Archaeological Seminar in conjunction with its excavations overseas. Students who participate in this educational program spend eight weeks in the Holy Land taking courses in the history and archaeology of Palestine. The program includes three weeks actual field experience at an ancient site. Students will be given up to six hours academic credit, provided they successfully complete the course program and submit the necessary transcript. Students who desire credit must gain prior approval of the Chairman of the department of Religion and enroll at the Registrar's office. For further details contact Dr. Bullard or write directly to the Institute for Mediterranean Studies, 1533 Shattuck Avenue, Berkeley, California 94709.

SOCIOLOGY *Mr. Adams, Chairman*

Mr. Bailey *Mr. Harper*

The basic departmental objectives are: (1) to provide the student with a better understanding of himself and the social world in which he lives, and (2) to prepare majors for possible graduate school work. Numerous opportunities for the professional sociologist are available in college teaching, research, and administration.

Since Sociology 52 is prerequisite to most advanced courses, the interested student should take this course as soon as possible, preferably in his sophomore year.

Sociology 51 and 52 are prerequisites to a major. A major consists of eighteen semester hours beyond the prerequisites; these eighteen hours must include Sociology 110, 112, 115, and any other course numbered above 100. Related work should

include courses in as many of the following areas as possible: mathematics, biology, philosophy, psychology, economics, government, history, and geology. A course in statistics is strongly recommended.

51. Introduction to Anthropology

An introduction to Physical and Cultural Anthropology. A prerequisite for sociology majors. Three semester hours. (Offered each semester).

Mr. Adams

52. Introduction to Sociology

A prerequisite for sociology majors and a prerequisite for most courses numbered above 100. Three semester hours. (Offered each semester)

Staff

60. Sociology of Deviant Behavior (formerly 53, 120)

An application of the sociological perspective to "problem" behavior, such as mental illness and alcoholism. Three semester hours.

Mr. Bailey

65. Man and Culture (formerly 106)

An introduction to Social Anthropology. Ethnographic data are examined and analyzed. Three semester hours.

Mr. Bailey

70. Minorities (formerly 111)

An examination of racial and cultural minorities. Three semester hours.

Staff

107. Sociology of the Family

A study of the structure and functions of the family, as an institution, in various historical and contemporary societies. Prerequisite: Sociology 52. Three semester hours.

Staff

109. Development of Sociological Theory I

A survey of social thought prior to the Twentieth Century. Prerequisite: Sociology 52 or permission of the instructor. Three semester hours.

Staff

110. Development of Sociological Theory II

Review and analysis of modern social thought and sociological theories. Prerequisite: Sociology 52 or Sociology 109. Required of all majors. Three semester hours.

Staff

112. Social Psychology

Primarily a study of group and social influences upon the individual. Prerequisite: Sociology 52 or Psychology 51. Required of all majors. Three semester hours.

Staff

115. Social Research

An introduction to the methods and techniques of investigating and analyzing social data. Prerequisite: Sociology 52 or permission of instructor. Required of all majors. Three semester hours.

Mr. Adams

118. Self and Society

An examination of relationships between self or personality and social and cultural phenomena. Prerequisite: Sociology 52 or Psychology 51. Three semester hours.

Staff

121. The Community

An examination of various types of communities and various aspects of communal living. Prerequisite: Sociology 52. Three semester hours.

Mr. Adams

122. Sociology of Religion

Three semester hours.

Staff

123. Sociology of Work and Occupations

A study of work, occupations, and work organizations. Three semester hours.

Mr. Adams

124. Social Organization

Elements and types of social organization are examined and analyzed. Prerequisite: Sociology 52. Three semester hours.

Mr. Bailey

126. Mass Communications and Group Processes

A study of patterns of communication with emphasis on the effects of the mass media upon group action. Prerequisite: Sociology 52. Three semester hours.

Mr. Bailey

141. Statistics

(See Economics 141, Psychology 141.) Four semester hours.

150. Seminar in Social Change

A survey of social and cultural change in simple and complex societies is conducted by students; theories of change are examined. Each student is expected to write a paper which incorporates theory and illustrative materials of change in some society or cultural area. Prerequisites: Sociology 52 and Sociology 51 or 65. Three semester hours.

Mr. Bailey

200. Special Problems

Primarily for advanced majors interested in conducting independent research. The student works closely with some member of the Department. Prerequisite: Presentation of an acceptable topic and research design. Two semester hours.

Fees and Financial Aid**WOFFORD COLLEGE COMPREHENSIVE FEE**

	<i>Resident Students</i>	<i>Day Students</i>
First Semester	\$1,087.50	\$662.50
Second Semester	1,087.50	662.50
	<hr/> \$2,175.00	<hr/> \$1,325.00

The *comprehensive fee* includes all laboratory and special fees, and, in the case of resident students, includes room, board, and medical fee.

This fee secures to each student, without additional cost, (1) one copy of the College Annual*; (2) participation in class functions—literary, social and athletic; (3) membership in the Student Christian Association; (4) Lecture tickets; (5) admission to athletic games; and (6) subscriptions to student periodicals.

In view of this fee, no assessment by classes or by student body can be made except by special permission of the Administration.

The *comprehensive fee* is due and payable, unless otherwise specified, upon registration at the beginning of each semester, and no student is admitted to classes until arrangement concerning its settlement has been made with the Controller of the College. A charge of 1% per month on the unpaid balance will be made on those accounts not settled and paid at the beginning of each semester.

FEES AND EXPENSES FOR SUMMER SCHOOL STUDENTS

Charges for each term:

Registration Fee	\$ 16.00
Tuition Fee per semester hour	28.00**
Room-rent and Board	120.00
Medical Fee	10.00
Audit Fee, per course	15.00
Laboratory fee in science course	12.00

All fees and expenses are due and payable at the time of registration.

*The annual staff has the authority to make additional charges for personal photographs which appear in the year book.

**Teachers in active full-time service in schools and colleges, orphans from Epworth Orphanage, Methodist ministerial students and sons of Methodist ministers are required to pay a tuition fee, of only \$25.00 per semester hour, in addition to the fee for registration and expenses for room-rent and board.

MEDICAL BENEFITS FOR BOARDING STUDENTS

Wofford College provides the following Hospital, Surgical, and Medical Care insurance in addition to the regular infirmary care:

1. Reimbursements of charges for hospital room and board up to \$ 12.00 per day (Maximum 31 days for each disability)
2. Miscellaneous hospital expenses reimbursed up to maximum of \$200.00 (For each disability)
3. First aid treatment for accidental bodily injuries up to a maximum of \$300.00
4. Surgical charges reimbursed up to maximum of \$200.00 (In accordance with schedule on file with College Controller)
5. Charges by doctor or physician for treatment in a hospital for non-surgical disability reimbursed up to \$ 3.00 per day
6. Accidental Death and Dismemberment Benefit — Loss of life, both hands, both feet, sight of both eyes, etc., within ninety days after the accident \$1,000.00
For loss of one hand or foot or sight of one eye within ninety days after the accident \$500.00

REGULATIONS REGARDING PAYMENTS

1. The comprehensive fee is due and payable upon registration at the beginning of each semester or summer term and no student is admitted to classes until arrangements concerning their settlement have been made with the Controller of the College.
2. A charge of \$1.00 per day is made for delay in matriculation, except in case of sickness or unavoidable detention at home.
3. Refund of any portion of the comprehensive fee will be made only in case of permanent withdrawal from the college and on the following basis:

<i>When the student has been enrolled</i>	<i>Portion of Comprehensive Fee Refunded</i>
Two weeks or less of the semester	80%
From two to four weeks of the semester	60%
From four to six weeks of the semester	40%
From six to eight weeks of the semester	20%
Over eight weeks of the semester	0

4. No student who has not settled all his bills with the Controller of the College is allowed to stand the mid-year or final examinations of the academic year or the final examinations of the summer term.

5. A fee of \$1.00 is charged for any change in a student's course card after it has been approved, provided the change is not required by the College.

6. A charge of \$5.00 will be made for every special examination given to a student.

7. A non-refundable reservation deposit, \$50.00 for boarding students, \$25.00 for commuting students, is due May 1. This deposit will be credited to the student's account and will be deducted from the comprehensive fee due at the time of registration.

8. No student or former student who has not settled all his outstanding bills with the Controller, or paid his loan fund notes to the Controller according to the terms of payment, may receive a transcript of his work until his obligation has been cleared on the records of the College.

9. In all laboratory courses a student is required to pay the cost of replacement of apparatus and materials broken or damaged by him. This amount is to be paid to the Controller prior to the examination.

FINANCIAL ASSISTANCE

Through the generous gifts of endowed scholarship funds by friends of the College several scholarships have been established for deserving students. These scholarships are supported by the income from invested funds. All scholarship endowments are held in trust and are kept separate and distinct from other holdings of the College. All income is applied in accordance with the terms of the gift.

All scholarships are awarded for one year by the Wofford

Financial Aid Committee and are to be used exclusively in the payment of college fees. The holder of an endowed scholarship in one year may apply for a renewal of this scholarship for the succeeding year, which may or may not be granted. A 2.0 cumulative average will be required of students receiving a scholarship.

A student enrolled in the College, or any prospective student, may apply for a scholarship. No application, however, may be made formally by a prospective student until application for admission has been made, all necessary credentials presented, and notification of acceptance given.

The College reserves the right to withdraw the grant of a scholarship or of free tuition, at the close of any semester, from a student whose scholarship is not satisfactory and who, for any other reason, is regarded as not in accord with the ideals and standards that the College seeks to maintain. By satisfactory scholarship is meant the making of at least an average grade of "C" on the semester's work.

No grant of scholarship or free tuition will be made to help defray the expenses of a student enrolled in the Summer School.

All applications for scholarships should be made on forms available from the Wofford Committee on Student Financial Aid.

Work Scholarships

A limited number of work scholarships for students are available on the campus. Application for such scholarships should be made on forms available from the Wofford Committee on Student Financial Aid.

Ministerial Scholarships

A \$250.00 scholarship will be granted to boarding students who are studying for the Methodist Ministry.* A \$500.00 scholarship will be granted to boarding students who are the sons of Methodist ministers in full connection

with a Methodist Conference or who are the sons of Approved Supply Pastors currently serving full time in the South Carolina Conference of the Methodist Church. A \$300.00 scholarship will be granted to day students who are the sons of Methodist ministers or Approved Supply Pastors currently serving full time in the South Carolina Conference. A \$150.00 scholarship will be granted to day students who are preparing for the Methodist Ministry.

A \$300.00 scholarship will be granted the sons of ordained ministers in

*The term "Methodist Ministry" is here used in the broad sense to include those preparing for full-time Christian service under the auspices and authorized agencies of the Methodist Church, such as an Annual Conference or General Board of Missions.

the full-time active ministry of denominations other than Methodist or students preparing for the ministry in these denominations and who are boarding students.

A \$150.00 scholarship will be granted the sons of ordained ministers in the full-time active ministry of denominations other than Methodist or students preparing for the ministry in these denominations who are day students.

Only one of the above scholarships may be granted to a student during any academic year.

Students preparing for the ministry and accepting the scholarships under the above provisions will be required to sign notes which will be cancelled upon their being received into full connection of the Methodist Conference or being commissioned under the General Board of Missions of the Methodist Church or upon being ordained in churches of denominations other than Methodist.

Educational Opportunity Grants: A Program of Direct Awards

For the first time in the fall of 1966, colleges and universities made available Educational Opportunity Grants to a limited number of undergraduate students with financial need who required these grants to attend college. To be eligible for this grant a student must show academic or creative promise.

Eligible students who are accepted for enrollment on a full-time basis or who are currently enrolled in good standing, may receive Educational Opportunity Grants for each year of their higher education, although the maximum duration of the grant is 4 years.

Grants will range from \$200 to \$800 a year, and can be no more than one-half of the total assistance given the student. As an academic incentive to students, an additional award of \$200.00 may be given to those students who were in the upper-half of their college

class during the preceding academic year.

The amount of financial assistance a student may receive depends upon his need—taking into account his financial resources, those of his parents, and the cost of attending college.

Honorary Scholarships

Spartanburg High School Scholarship—A scholarship of \$350.00 renewable for four years is awarded annually, on the basis of scholastic attainment and character, to a young man of the graduating class in the Spartanburg High School.

Spartanburg Junior College Scholarship—A scholarship of \$350.00, renewable for two years, awarded annually, on the basis of scholastic attainment and character, to a young man of the graduating class in the Spartanburg Junior College.

Special Scholarships

Beaumont Mills and Startex Mills, Spartanburg, S. C.—Each of these mills presents annually a four-year scholarship equivalent in value to day student's fee (currently \$1020.00 per year) to an applicant whose parents or who himself has been employed in the mill at least the preceding year. The selection Committee to award these scholarships is chosen by Wofford College. A Spartan Mills endowed scholarship (see page 98) carries the same requirements for application. For further details, write the Dean of Students, Wofford College.

Pierce Embree Cook Scholarship—\$1,000 per year given by Mr. Robert J. Maxwell, Jr., of Greenville, S. C., in honor of the Reverend Pierce Embree Cook, to provide one or two scholarships to students aspiring to be Methodist ministers. Character, academic promise, and financial need are considered in awarding these scholarships.

Deering-Milliken Scholarship—\$500.00 per year to sons of Deering-Milliken employees on the basis of scholastic promise, character and need awarded through the S. C. Foundation of Independent Colleges.

Walter Demopoulos Scholarships—Six one-year renewable scholarships valued at \$240.00 each per year, awarded to employees or sons of employees of Beaumont, Clifton, Drayton, Pacific, Startex, and Spartan Mills. In case there should be no qualified applicant from one or more of these mills for a given year, that scholarship may be awarded to an employee or child of an employee of one of the other mills, provided there should be more than one qualified applicant from that mill. In case, in any given year, there should be less than five qualified applicants from the above-named mills, the remaining scholarship or scholarships may be awarded to qualified applicants from the Spartanburg area.

The Paul M. Dorman Scholarship—A renewable scholarship of \$625.00 a year to be awarded to a South Carolina student on the basis of character, academic ability, and financial need. This scholarship is in honor of Paul M. Dorman, distinguished educator and Superintendent for many years of the Spartanburg County Schools, District Number 6, for whom Dorman High School was named. He is a cousin of Mr. Fred A. Gosnell, Sr., who, with his wife, established this scholarship in 1966 and arranged that it be paid through the Fred A. Gosnell Foundation, from the income of a ninety-year lease*. In selecting the recipient of this scholarship, the Wofford Committee on Student Aid is to consult during his lifetime with Mr. Dorman, and with James R. Gosnell and Fred A. Gosnell, Jr., Trustees of the Fred A. Gosnell Foundation. (See footnote next page.)

Epworth Orphanage Scholarships—

Graduates of Epworth Orphanage are granted a scholarship of \$350.00 per year.

The Ernest J. Ezell and Nell C. Ezell Methodist Ministerial Scholarship—Established by Mr. and Mrs. Ernest J. Ezell to provide an annual scholarship in the amount of \$100.00 to a student who is a member of the Methodist Church and plans to enter the ministry of the Methodist Church.

The Cullen Bryant Gosnell Scholarship—A renewable scholarship of \$750.00 a year to be awarded to a graduate of the Dorman High School on the basis of character, academic ability, and financial need, recommended by the Superintendent of the Spartanburg County Schools, District Number Six, and the Wofford Committee on Student Financial Aid. This scholarship is in memory of Cullen Bryant Gosnell, son of Jesse Holland and Corrie Setzler Gosnell. Dr. Gosnell graduated from Inman High School, Wofford College (A.B.), Vanderbilt University (A.M.), and Princeton University (Ph.D.). For about thirty-five years he taught political science at Emory University, where he founded and directed Emory's Institute of Citizenship. He was the author of several books on government. He was married to Louisa Allen White of Columbus, Georgia.

The J. Holland Gosnell Scholarship—A renewable scholarship of \$750.00 a year to be awarded to a graduate of the Chapman High School, on the basis of character, academic ability and financial need, and recommended by the Superintendent of Spartanburg County Schools, District Number One, and the Wofford Committee on Student Financial Aid. This scholarship is in memory of Mr. Gosnell's father, a distinguished Spartanburg County citizen and a leader in obtaining better public schools.

Note: The above two scholarships are paid through the Fred A. Gosnell Foun-

ation from a trust fund established by Mr. and Mrs. Fred Gosnell, Sr., of Arlington, Virginia. The award of these scholarships is subject to the approval of James R. Gosnell and Fred A. Gosnell, Jr., Trustees of the Fred A. Gosnell Foundation.

John Graham Stores' Award—Will be made annually to an outstanding student athlete possessing strong qualities of character, scholarship, and leadership. This annual grant in aid is awarded to a rising senior as a part of the Eleven Club program.

The Jonathan Logan Scholarships—Established as a result of Wofford's appearance on the G. E. College Bowl television program, this scholarship is in the amount of the comprehensive fee and may be awarded to one or more students.

King Teen Scholarships—Four Scholarships of \$1000 per year for 4 years awarded to South Carolina male high school seniors who are nominated by their classmates as possessing outstanding qualities of character, scholarship and leadership. Contest closes first week in March. Full information about King Teen Scholarships will be made available to high school principals and guidance counselors by January 15.

The Charles F. Marsh Scholarship—A renewable scholarship of \$625.00 a year to be awarded to a South Carolina student on the basis of character, academic ability, and financial need. This scholarship is in honor of Charles F. Marsh, distinguished educator, who as the seventh President of Wofford College was instrumental in greatly strengthening the College. It was established in 1966 by Mr. and Mrs. Fred A. Gosnell, Sr., and is to be paid through the Fred A. Gosnell Foundation from the income of a ninety-year lease*. In

selecting the recipient of this scholarship, the Wofford Committee on Student Financial Aid is to consult during his lifetime with Dr. Marsh, and with James R. Gosnell and Fred A. Gosnell, Jr., Trustees of the Fred A. Gosnell Foundation.

National Methodist Scholarships—Five one-year scholarships valued at \$500.00 each, awarded annually by the Board of Education of the Methodist Church.

Neofytos Papadopoulos Scholarship—\$1,000 per year given annually by Dr. Constantinos N. Papadopoulos of Houston, Texas, to provide a scholarship to a student from Greece, in memory of Dr. Papadopoulos' father.

Vera C. Parsons' Foundation Awards—Will be made annually to an outstanding student athlete possessing strong qualities of character, scholarship and leadership. A grant in aid will be awarded to a rising senior and a rising junior. These annual grants are awarded as a part of the Eleven Club program.

The South Carolina Electric and Gas Company Scholarship—A one-year, \$500.00 scholarship awarded to a student in the upper one-third of his class who needs financial assistance and resides within one of the following counties: Abbeville, Aiken, Allendale, Bamberg, Barnwell, Beaufort, Berkeley, Calhoun, Charleston, Colleton, Dorchester, Edgefield, Fairfield, Greenwood, Hampton, Jasper, Lexington, McCormick, Newberry, Orangeburg, Richland, Saluda, and Union.

Spartanburg Small Loan Association Scholarship—A \$500.00 four-year scholarship (\$125.00 per year) awarded annually to a student from Spartanburg County.

*The value of the scholarship will increase in 1987 to \$750 and by \$62.50 at the end of each decade thereafter until it reaches the sum of \$1,125 during the last decade of the ninety-year lease.

Spartanburg Rotary Club Scholarship—A one-year scholarship to Wofford College valued at \$400.00 per year awarded to a Spartanburg County student. The scholarship will be granted on the basis of actual need and scholastic promise.

Snyder-DuPre Scholarship—A one-year renewable scholarship of \$350.00 per year, awarded by the Washington, D. C. Alumni Association, in honor of President Henry Nelson Snyder and Dean Arthur Mason DuPre.

Wofford College Merit Scholarships—In cooperation with the National Merit Scholarship Corporation, three Merit Scholarships are awarded to National Merit Finalists who have designated Wofford as their first college choice; preference is given to graduates of public schools in Georgia and South Carolina. Stipends range from \$250 to \$1,500, depending upon financial need.

Endowed Scholarship Funds

Bishop James Atkins Memorial—Established by Dr. and Mrs. J. T. Hooker of Spartanburg, S. C., in April, 1948, for worthy students with outstanding qualities of scholarship, character and leadership.

Bernard M. Baruch—Established by Mr. Bernard M. Baruch of New York City and Georgetown, S. C., in February, 1939, for worthy students who possess outstanding qualities and promise.

Mrs. Betty G. Bedenbaugh—Established by Mrs. Betty G. Bedenbaugh in her will of August 22, 1953. The income is to be used as an annual scholarship to be awarded to a worthy and needy student, with her kinsmen being given preference.

Dr. Lewis Jones Blake—Established in March, 1945, by Mrs. Louise H. Blake of Spartanburg, S. C., as a memorial to her husband. The scholarship

is to be awarded on the basis of character, leadership and scholarly achievement.

The Robert M. Carlisle Memorial Scholarship—A renewable scholarship, made possible by the income on the Robert M. Carlisle Scholarship Fund held in trust by the Spartanburg County Foundation.

The Carroll Scholarship Fund—Established by Mrs. Hattie Carroll and Mr. Edwin Carroll of Charleston, S. C.

Dr. James Alburn Chiles, Sr., and James A. Chiles, Jr., Memorial Scholarship Fund—This endowed scholarship was established in the will of Marie D. Chiles, and the income provides one or more scholarships for worthy students.

Class of 1916, J. Spencer Wolling Scholarship Fund—Established June 30, 1957, by Mr. J. Spencer Wolling.

Clifton Manufacturing Company—Established by Clifton Manufacturing Company of Clifton, S. C., in March, 1943, for the purpose of establishing scholarships to be awarded to boys of Clifton Mills eligible for college.

Julius E. Cogswell Scholarship Fund—Established by Mr. Julius E. Cogswell on December 31, 1953.

The D. E. Converse Company—Established by the D. E. Converse Company of Glendale, S. C., in April, 1943, for the purpose of awarding scholarships to the boys of the D. E. Converse Company eligible for college entrance.

Alexander Copeland Memorial Scholarship Fund—Established by Mrs. Kathleen Copeland of Warwick, Virginia, in memory of her husband, Alexander Copeland.

The Mrs. Alfred I. duPont Scholarship Fund—Established by Mrs. Alfred I. duPont for worthy students.

Fairforest Finishing Company—Established by Fairforest Finishing Company of Spartanburg, S. C., in December, 1943, the annual proceeds from this endowment to be used as a permanent scholarship for an employee or son of an employee of Fairforest Finishing Company. However, when there is no application for this scholarship, it may be diverted to some other worthy boy.

Wm. H. Gladden, Jr., Endowed Scholarship Fund—Established by Mrs. Maude A. Gladden of Rock Hill, December 29, 1961 in memory of her son who was killed in France in 1944.

Glenn-Hardin Memorial Scholarship Fund—Established by Mrs. Elizabeth G. Richardson of Chester, S. C., October 18, 1960, as a memorial in honor of John Lyles Glenn, class of 1879, and Lyles Glenn Hardin, Class of 1935.

Thomas Henry Gossett Scholarship Fund—Established by Mr. T. H. Gossett of Spartanburg, S. C., the income derived therefrom to be used for scholarships for deserving young men who are orphans from Spartanburg County or the State of South Carolina. If no deserving orphans apply these scholarships may be awarded to other deserving students.

The Gray Scholarship—Established by Dr. Wil Lou Gray in memory of her father, W. L. Gray, and her brothers Albert Dial Gray and Robert Coke Gray, for worthy and needy students.

Ed K. Hardin and Fred H. Strickland Scholarship Fund—Established by Mr. Ed K. Hardin and Mr. Fred H. Strickland of Chester, S. C.

Florence Andrews Helmus Scholarship Fund—Established by Mr. A. J. R. Helmus of Spartanburg, S. C., in honor of his wife. Preference in awarding scholarships from the income from this fund is to be given to deserving sons and grandsons of employees of

the Andrews Company and the Andrews Bearing Company.

Chesley C. Herbert—Established by Rev. C. C. Herbert, Jr., and his brother, Dr. T. W. Herbert, as a memorial to their father, Rev. Chesley C. Herbert, of the Class of 1892. The principal of this fund is to be invested by the College and the interest used as a scholarship grant to worthy students.

Isom Scholarship Fund—Established in the will of Mrs. Lee G. Isom, the income to be used for the education of some student in preparation for the ministry of the Methodist Church.

The O. C. Kay Scholarship Fund—Established in 1956 by the gift of Mr. O. C. Kay.

William A. Law—Established by Mr. S. Clay Williams of Winston-Salem, N. C., in February, 1937, as a memorial to Mr. William A. Law of Philadelphia, Pa., of the class of 1883, the income from this endowment to be used to pay college fees of a carefully selected group of students to be known as the "Wm. A. Law Scholars." They are to be selected on the basis of scholarship, character, and leadership.

Mills Mill—Established by Mills Mill of Woodruff, S. C., in December, 1943, the annual proceeds from this endowment to be used as a permanent scholarship for an employee or son of employee of Mills Mill. However, when there is no application for this scholarship, it may be diverted to some other worthy boy.

Samuel R. Moyer Endowed Scholarship Fund—Established 1963.

Euphrasia Ann Murph—Established by her son, Mr. D. S. Murph of St. Andrews, S. C., and Washington, D. C., the income to be used to assist students of scholarship, character and promise.

William L. Ouzts Endowed Scholarship Fund—Established by the late

William L. Ouzts of Spartanburg, S. C., the income of which is to maintain an athletic scholarship or scholarships. May 26, 1961.

Pacolet Manufacturing Company—Established by Pacolet Manufacturing Company of Pacolet, S. C., in January, 1943. Students of Pacolet Manufacturing Company must be given first consideration. If there is no student who is desirous of availing himself of this opportunity, Wofford College shall have the right to use the proceeds in granting other scholarships.

Reader's Digest Endowed Scholarship Fund—The income from this fund provides an annual scholarship for a student worthy of financial assistance.

The Darwin L. Reid Memorial—Established by Mrs. D. L. Reid of Sandy Springs, S. C., and her daughter, Mrs. John D. Rogers of Easley, S. C., in March, 1950.

Scottish Rite of Freemasonry Memorial Endowed Scholarship Fund—in memory of Professor Charles Semple Pettis, 1958.

Annie Naomi McCartha Shirley Scholarship Fund—Established by Mrs. Annie N. M. Shirley of Columbia, S. C., the income to be used in aiding needy ministerial students of the Methodist Church.

Sims-Lyles-Dawkins-Martin — Established by Mr. and Mrs. T. P. Sims of Spartanburg, S. C., the income to be used as a scholarship for orphan boys from Spartanburg, Union, and Fairfield Counties.

The Z. A. Smith Scholarship Fund—Established by Mrs. Z. A. Smith of Greenville, S. C., the income of which is to be used for helping worthy boys through college.

Spartan Mills—Established by Spartan Mills, Spartanburg, South Carolina,

in February, 1943. Income from this scholarship is awarded to an applicant whose parents or who himself has been employed by Spartan Mills at least the previous year. The income from this endowment scholarship is supplemented by funds from Spartan Mills which bring the value of the scholarship up to the equivalent of a day student's fees. The selection Committee to award this scholarship is chosen by Wofford College. For further details, write the Dean of Students, Wofford College.

The Stokes Memorial Scholarship Fund—Established in 1965, in memory of their parents, The Rev. Henry Stokes, Class of 1893, and Mrs. Florence Heath Stokes, and their brother, R. Wilson Stokes, Class of 1930, by Miss Mary Bolling Stokes, Allen Heath Stokes, and Thomas Henry Stokes, both of the Class of 1924.

James M. Swanson, Jr.—Established by Mr. and Mrs. James M. Swanson of South Boston, Va., in 1964 as a memorial to their son, a graduate of Wofford College. To be awarded on the basis of Character, Leadership and Scholarship Achievement.

Coleman B. Waller Scholarship Fund—Established by Dr. Coleman B. Waller, Emeritus Professor of Chemistry at Wofford College, for the purpose of awarding scholarships to qualified and deserving young men at Wofford College.

The D'Arcy P. Wannamaker Scholarship Fund—Established by Mr. John P. Wannamaker in memory of his son, D'Arcy P. Wannamaker of the class of 1911, as an endowed scholarship for a student selected on the basis of character, scholarship, and need.

Wofford Memorial — Reflects memorials sent to the College as endowed scholarship funds.

Loans

United Student Aid Funds Loan Program — Wofford College is one of more than 700 colleges and universities participating in this national nonprofit loan program for needy and deserving students. Full-time students may borrow up to \$1,000 per year and graduate students may borrow as much as \$1,500 per year, but no student may borrow more than \$4,000. Repayments begin the first day of the tenth month after graduation. In case of drop-outs repayments begin at once. No notes under this loan plan may bear more than 6% simple interest. This is less than customary bank rates for installment loans. For a student who qualifies under Federal Law, the Federal Government will pay the 6% interest until repayments are due to begin and 3% interest while the student is repaying the loan. The financial aid officer recommends the loan, after consultation with the student, and the loan is negotiated at the student's home town bank on the student's own signature.

Wofford College Student Loans: To help worthy students complete their college course. Beneficiaries shall be worthy in scholarship, character, and conduct. Administered through the Committee on Student Financial Aid. In the case of endowed loan funds, only the earnings of these funds are used for loans and the amount available annually depends upon the income from investments and on the amount repaid on loans previously made to students. There are other loan funds in which both the principal and interest are used for loans, and the amount available annually depends on the amount repaid on loans previously made to students.

The following regulations govern the making of Wofford College student loans:

1. No loan shall be made to a stu-

dent who violates any of the regulations of the College or whose scholastic work is unsatisfactory.

2. A student is not eligible for a loan until he has been in residence for one semester.

3. Loans will be made only to students who are taking a regular course leading to a degree.

4. Every applicant for a loan must present with the application such security as the Committee may approve, and no money shall be advanced before a note with approved security is in the hands of the Committee.

5. No loan may be made to defray other than college expenses.

6. The amount of the loan that may be made in any one year shall not exceed the sum of \$400.00.

7. In the event of a student's leaving college prior to his graduation, his note becomes due at once.

8. Applications for loans should be made to the Committee on Student Financial Aid, on blanks secured from the Controller. The granting or withholding of a loan is a matter entirely within the discretion of the Committee on Student Financial Aid.

Board of Education of the Methodist Church Loan Fund—Open to members of that Church of at least one year's standing, \$250 in the Freshman year, \$300 in the Sophomore year, \$400 in the Junior year, and \$450 in the Senior year. The total borrowings must not exceed \$2,000. Consult the Wofford Financial Aid Committee.

The National Defense Student Loan Fund: Wofford College is a member of the National Defense Student Loan Fund. This fund, set up by the 85th Congress to enable promising high school graduates, upon entrance in college, to secure a college education who might otherwise not get one, provides for loans up to \$1,000 per year, at 3% interest, and payable over a period of 10 years, and contains certain

scholarship privileges, such as forgiveness of 10% of interest and principal for each year's service as a secondary or primary school teacher or administrator up to five years. For information concerning this loan program, contact the Wofford Financial Aid Committee.

Endowed Loan Funds

Cokesbury Conference School—By Micajah Suber of Cokesbury, S. C., the income to be used for the assistance of students studying for the Christian Ministry.

A. Mason DuPre—By Mrs. E. P. Chambers of Spartanburg, S. C., and by relatives and friends of Mrs. A. Mason DuPre, the income to be used as a fund for the assistance of worthy and ambitious students.

The Garrett Endowed Loan Fund—Established by Willora Garrett Faulkner and Rev. Francis Leonard Garrett, (Class of 1940), in honor of their father, Rev. William Butler Garrett, Jr., D.D. (Class of 1908), and in memory of their mother, Mrs. Lora Leonard Garrett, their brother William Butler Garrett, III, and their sister, Emily Garrett Oliver, income to be used as loans to deserving students.

Mrs. E. C. Hodges—By Mrs. E. C. Hodges of Anderson, S. C., on December 25, 1925, the income therefrom to be used in assisting poor boys to obtain an education.

John W. Humbert—By Rev. John W. Humbert, the income to be used in a loan to an outstanding student to assist him with his expenses.

A. W. Love and Wife—Memorial by A. W. Love and wife of Hickory Grove, S. C., the income to be used in assisting worthy students.

Jos. A. McCullough—By Mr. Jos. A. McCullough of Greenville, S. C., in March, 1934.

The Lillian Lancaster Owen Loan Fund—Established September 1, 1956, by Mr. J. Mack Owen of Orangeburg, the income to be used to help worthy students.

Hugh Milton Stackhouse—By Mr. H. M. Stackhouse of Clemson College, S. C., the income to be used as a loan to help some worthy, needy students, preferably from Marlboro County.

James William Stokes—By his widow, Mrs. Ella L. Stokes of Orangeburg, S. C., in July, 1904, the income from which is to be used as a loan fund in aiding deserving and needy students from Orangeburg County.

Mary A. Watts—By Mrs. Mary A. Watts of Abbeville, S. C., in December, 1917, the income from which is to be used in assisting students preparing to enter the ministry of the Methodist Church, who, in the judgment of the College, are unable to help themselves.

Loan Funds

H. W. Ackerman Fund—By Mr. H. W. Ackerman of Landrum, S. C.

Barnwell Loan Fund—Given by Mrs. F. W. Barnwell of Warner Robins, Ga., in memory of Wilbur D. White, '19. For naturalized citizens or sons of naturalized citizens.

H. C. Bethea Fund—By Mr. H. C. Bethea of Dillon, S. C.

J. N. Bethea Fund—By Mr. J. N. Bethea of Dillon, S. C.

Bethel Methodist Church Fund—By Bethel Methodist Church, Spartanburg, S. C.

Edward P. Chambers Fund—By his daughter, Mrs. Marion Wrigley of Greenville, S. C.

Citizen of Fort Mill, S. C.

Class of 1880—T. B. Stackhouse Fund—By Mr. T. B. Stackhouse of Columbia, S. C., and his classmates.

Class of 1905 Fund—By the class of 1905.

Class of 1939 Student Emergency Loan Fund—Established by Mr. Cecil G. Huskey and other members of the Class of 1939 to enable third and fourth year students to meet incidental expenses.

William Coleman Fund—By Mr. William Coleman of Union, S. C.

Bland Connor Memorial Fund—By his mother, of Fort Motte, S. C.

Anne J. Daniel Memorial Loan Fund—Established in 1963.

A. Mason DuPre Memorial Fund—By Wofford College Student Body 1949-'50, and Mr. Eugene M. Anderson of Spartanburg.

Warren DuPre Fund—By the Rotary Club of Spartanburg, S. C.

Ernest J. Eaddy Loan Fund—By Mr. Ernest J. Eaddy, Class of 1925, of Spartanburg, South Carolina.

Eubanks Memorial Fund—Established by J. Evans Eubanks as a memorial to his wife, Frances Stackhouse Eubanks, and their infant son, Evans, Jr.

A Friend—From New York City.

C. E. Gaillard Fund—By Dr. C. E. Gaillard of Spartanburg, S. C.

Addie F. Garvin Fund—By Mrs. Addie F. Garvin of Spartanburg, S. C.

James D. Hammett Fund—By Mrs. James D. Hammett, Anderson, S. C.

Charles T. Hammond Fund—By Mr. Charles T. Hammond of Greenwood, S. C.

Mary Elizabeth Hills Fund—By Mrs. Mary Elizabeth Hills of Columbia, S. C., as a loan fund for students preparing for the ministry, with special reference to service in the mission fields.

J. Kell Hinson Loan Fund—To be used for the assistance of students

studying for the Christian ministry, or other worthy students.

W. H. Hodges Fund—By Rev. W. H. Hodges and family of the South Carolina Conference.

Mr. and Mrs. W. A. Hood Fund—By Mr. and Mrs. W. A. Hood of Hickory Grove, S. C.

The W. E. Hunter Fund—Established by Mr. W. E. Hunter of Covington, Kentucky.

A. W. Jackson Fund—By Mr. A. W. Jackson.

Walter G. Jackson Fund—By Mr. Walter G. Jackson of Spartanburg, S. C.

Mr. and Mrs. T. J. Jordan Fund—By Mr. and Mrs. T. J. Jordan.

R. L. Kirkwood Fund—By Mr. R. L. Kirkwood of Bennettsville, S. C.

W. E. Lucas Fund—By Mr. W. E. Lucas of Laurens, S. C.

William Andrew Lyon Fund—By his widow and son, James Fuller Lyon, and daughter, Inez St. C. Lyon, in memory of their father.

Boyd M. McKeown Fund—By Mr. Boyd M. McKeown of Nashville, Tennessee.

O. M. Mitchell—Established 1964 by Mr. O. M. Mitchell of Dillon, S. C.

Walter S. Montgomery Fund—By Mr. Walter S. Montgomery, Sr., of Spartanburg, S. C., in memory of Frank and Albert Montgomery.

Mrs. Hattie Padgett—Loans restricted to ministerial students and seniors.

W. R. Perkins Fund—By Mr. W. R. Perkins of New York City.

James T. Prince Fund—By Mr. James T. Prince of Atlanta, Georgia.

Benj. Rice Rembert-Arthur G. Rembert Fund—By Dr. and Mrs. A. G. Rembert of Spartanburg, S. C.

Rock Hill District Fund—By the Rock Hill District, Upper South Carolina Conference.

F. W. Sessions Fund—By Mr. F. W. Sessions.

Shandon Epworth League Fund—By Shandon Methodist Church, Columbia, S. C.

Sims, Lyles, Dawkins, Martin Loan Fund.

Coke Smith Fund—By Rev. Coke Smith.

J. T. Smith and Wife Fund—By Mr. J. T. Smith.

H. N. Snyder Trustee Fund—By a friend, Spartanburg, S. C.

A. J. Stafford Fund—By Rev. A. J. Stafford, Spartanburg, S. C.

Sumter Sub-District Ministerial Loan Fund—By Young Adult classes of Sumter, S. C., District.

J. P. Thomas Fund—Dr. John O. Wilson.

John W. Truesdale Fund—By Mr. John W. Truesdale, Kershaw, S. C.

George William Walker Fund—By Dr. G. W. Walker of Augusta, Georgia.

D. D. Wallace Memorial Fund—By Mr. Samuel S. Kelly of Statesville, N. C.

Geo. W. Wannamaker Fund—By Col. Geo. W. Wannamaker, Atlanta, Georgia.

The Rev. W. Pinckney Way Incidental Loan Fund—Established in 1957 as a memorial to their father by the children of the Rev. W. Pinckney Way. Loans from this fund to be made to third and fourth year students to be used for the purchase of textbooks only.

Edward Welling Fund—By Mr. Edward Welling, Charleston, S. C.

Mary Pearle West Loan Fund—Established by the estate of Mary Pearle West, May 18, 1962. To provide loans to students who have decided to enter the teaching profession upon graduation.

Rev. Whitfield B. Wharton Memorial Fund—By his widow, Mrs. Mattie J. Wharton, and children, Mrs. Louise McLaughlin, W. Carlisle, Edward Murray, and Rev. Martin T. Wharton.

J. T. Wilkerson Fund—By the Wilkerson family of Hickory Grove, S. C.

W. S. Wilkerson Fund—By the Wilkerson family of Hickory Grove, S. C.

Wofford College Dames Loan Fund—By the Wofford College Dames Club, for benefit of a married student.

Julian D. Wyatt Fund—By Mr. Julian D. Wyatt of Pickens, S. C.

SELECTIVE SERVICE

The college maintains close relationships with the Selective Service System and attempts to do all within its power to advise students of the latest developments and interpretations and the special provisions of the law relating to college students.

Many responsible educators and government officials have voiced the opinion that a student contemplating entering college should not be deterred by impending military service. Some students may be permitted to finish, while those who are not will be well along the path toward the bachelor's degree before entering the service.

Full-time students in good standing may be considered for deferment by their local draft boards upon consideration of class standing (as reported on S. S. Form 109), results of the Selective Service College Qualification Test, and related data compiled by the local board. Those who are called for induction while satisfactorily pursuing a full-time course of instruction will receive a mandatory postponement of induction until the end of the academic year, provided they have had no previous postponement of induction.

Students desiring S. S. Form 109 sent to local boards should consult the College registrar.

Assistance to Veterans and Dependents

Subsistence and allowance checks are sent to veterans (to guardians in the case of dependents of deceased veterans) by the Veterans Administration. Any preliminary inquiries regarding nonreceipt of these checks, therefore, should be made to the Veterans Administration.

Under this program, a veteran pays his fees at the time of registration but will receive a monthly allowance from the Veterans Administration based on attendance and progress reports made

by the College. It is the veteran's responsibility to see the Controller at the end of every month about these reports. The Controller of the College may be consulted concerning extensions of payment of tuition.

Veterans should consult the nearest office of the Veterans Administration for details of this program. College officials are glad to give assistance to veterans whenever possible. Since interpretation of regulations governing veterans' benefits is subject to change, veterans should keep in touch with the Veterans Administration.

SPECIAL ENDOWMENT FUND

Through the years, by generous gifts from friends and alumni, the College has been building its Special Endowment, Endowed Scholarship, Endowed Loan, and Loan Funds. These funds give financial stability to its program and help to provide an educational service in accord with the highest institutional standards. We are pleased to list below this constantly enlarging group of funds, although these funds are not directly related to student financial assistance.

Sam Orr Black and Hugh S. Black Portrait Fund—By Dr. Sam Orr Black and Dr. Hugh S. Black of Spartanburg, S. C.

Carlisle Memorial Fund—Memorial

to Dr. James H. Carlisle, established by the alumni and friends of Dr. Carlisle throughout the State at large but particularly from Spartanburg, S. C.

James H. Carlisle Chair of Religion

and Philosophy—Subscribed and directed through the Wofford of Tomorrow Campaign.

Aug. M. and Cema S. Chreitzberg Fund—By Mr. Aug. M. and Mrs. Cema S. Chreitzberg of Spartanburg, S. C.

Mr. and Mrs. Jos. K. Davis Endowment Fund—By Mr. and Mrs. Jos. K. Davis of Spartanburg, S. C.

Samuel Dibble Memorial Library Fund—By his daughter, Mrs. Agnes Dibble Moss of Orangeburg, S. C.

Benjamin N. Duke Endowment Fund—By Mr. Benjamin N. Duke of Charlotte, N. C.

Warren DuPre Memorial Library Fund—By his widow, Mrs. Carrie Duncan DuPre of Spartanburg, S. C.

J. M. Evans Endowment Fund—Established by the estate of J. M. Evans, May 9, 1952.

Ford Foundation Endowment Fund—Granted by the Ford Foundation, the principal of which is to be held by the grantee institution only as endowment, and the income from the investment of such principal shall be used only to increase faculty salaries. After July 1, 1966, principal and income of the grant may be used for any educational purpose.

James D. Hammett Memorial Fund—By Mr. James D. Hammett of Anderson, S. C.

William Howard Jackson Memorial Fund—By his father and mother, Mr. and Mrs. Walter G. Jackson of Spartanburg, S. C.

Dr. and Mrs. N. F. Kirkland Memorial Fund—By their son, Dr. William C. Kirkland of the South Carolina Conference.

The Mary Anderson Kirksey Me-

morial Endowed Fund—Established by her son, James Kirksey of Pickens, S. C., who willed one of the largest bequests to the College in its history.

Richard I. Manning, Jr. Memorial Fund—By his heirs of Spartanburg, S. C.

Memorial Endowment Fund—A depository for monies donated in lieu of flowers upon the demise of friends, alumni, or employees of the college.

Rowland H. Ouzts Memorial Endowment Fund—Established by the estate of Rowland H. Ouzts, May 16, 1962.

J. Thomas Pate Memorial Library Fund—By his widow, Mrs. Alice G. Pate of Camden, S. C.

H. N. Snyder Chair of English Language and Literature—Subscribed and directed through the Wofford of Tomorrow Campaign.

1854 South Carolina Conference Endowment Fund—Subscribed and directed through the Wofford of Tomorrow Campaign.

T. B. Stackhouse Chair of Economics and Business Administration—Established in 1949 by the Board of Trustees in memory of Mr. Stackhouse, who, in 1937, gave to the Wofford College Endowment Fund the sum of \$50,000.00. The holder of this chair will be determined by special resolution of the Board of Trustees.

W. Frank Walker Memorial Fund—By Mr. W. Frank Walker of Greenville, S. C.

D. D. Wallace Chair of History & Economics.

Henry P. Williams Endowment Fund—By Mr. Henry P. Williams of Charleston, S. C.

Benjamin Wofford Endowment Fund—Subscribed and directed through the Wofford of Tomorrow Campaign.

Student Services

Every effort is made to encourage and develop a cohesive sense of college community among all members. The relation between students and faculty outside the classroom is one of informality and friendliness.

The offices of the Deans and the Registrar exercise general supervision of the entire personnel program. Services provided by the admissions department, the residence halls, counseling and advising, extra-classroom activities, health, facilities, and the placement bureau, all exist to meet the needs and develop the capacities of the student.

The student activities program is coordinated by the Student Affairs Committee, a group of faculty and student representatives. They serve as a clearing house and policy advisory board for many matters pertaining to student affairs. The Dean of Students and his staff, the Student Government Association, the Interfraternity Council and the Student Christian Council as well as other campus organizations, implement the program.

Through the office of the Dean of Students, student leaders are delegated as many of the functions of student life as they will willingly and responsibly accept.

ORIENTATION

The Dean of Students is the Director of the Orientation of new and transfer students. The program is planned by an Orientation Committee consisting of faculty and student members.

In late July or early August, every new and transfer student will receive a letter informing him of the date and time he is expected to arrive on campus, as well as specific instructions about what to bring and where to report for the required orientation program. During this orientation period, these students become acquainted with each other, student leaders, faculty members, faculty advisers, the curriculum, campus facilities, and the College traditions, standards and policies.

Every new student is given a series of academic tests for counseling purposes. Carefully planned social activities also help students become better acquainted with each other and faculty members.

GUIDANCE AND COUNSELING PROGRAM

Counseling & Research Center:

Wofford College provides testing and counseling services to assist all students in making a maximum adjustment to college life.

Vocational, aptitude, abilities, and personality testing facilitate the student in assessing his capacities and direction in life in order that his full potential is utilized in both his academic life and career planning.

There is no charge for these services.

Freshman Advisers:

Each freshman, upon arrival at the College, is assigned to a faculty adviser who remains his adviser until his junior year, when the student has selected his major. Freshmen will plan their programs with the assistance of the advisers during the period of orientation. It is required, also, that freshmen and sophomores, before each registration, consult the adviser about their programs of studies.

The adviser will be available during regular office hours for student conferences. The student should assume that the adviser desires to aid him with friendly, helpful counsel. At the same time the student should take the initiative in consulting the adviser about his personal and academic problems.

Departmental Advisers:

Each student is assigned to a departmental adviser as soon as his selection of a departmental subject for major work is approved. The departmental adviser is available at stated periods for student conferences. It is expected that the student will consult the adviser on all matters relating to his major and related work.

STUDENT HEALTH

The College maintains an infirmary on campus staffed by a registered nurse with College physicians on call. Preventive as well as remedial attention is given. The medical program is under the direction of the staff of the Mary Black Hospital and Clinic.

The medical fee entitles a student living on campus to medical care for ordinary cases of sickness and accidents. Hospitalization in the infirmary is permitted for a limited time

for minor illnesses when bed care is necessary. The College does not assume the cost of X-rays, special nurses, consulting physicians, surgical operations, laboratory tests, treatment of chronic conditions, convalescence from operations, or care in other hospitals.

The College retains the services of a consulting psychiatrist on a limited basis. If requested by the student or thought desirable by a member of the College staff, students may be referred on a confidential basis to him for consultation.

As a part of the comprehensive fee, each resident student is enrolled in a student group insurance plan for sickness and injury. The financial benefits of the plan may be found in the section on fees and expenses. Day students are expected to be financially responsible for all injuries sustained on the campus. Group accident and health insurance is available in the Controller's Office.

STUDENT EMPLOYMENT

Some part-time jobs on the campus are available to students who need financial assistance. Also, there are many opportunities for part-time employment in the city of Spartanburg. Students who are interested in securing such part-time employment should consult with the Assistant Dean of Students.

While many Wofford undergraduates hold part-time jobs, experience has shown that only exceptionally able freshmen students can hold regular outside employment and at the same time do satisfactory scholastic work. It is recommended that a student come to college prepared to maintain himself for at least his first half-year without the necessity of undertaking additional outside work.

PLACEMENT SERVICES

Wofford College is glad to assist seniors and alumni in securing jobs in fields appropriate to their interests and abilities. The Director of Alumni Affairs and Placement is charged with the responsibility of administering the placement program of the College.

In early fall, the Seniors are given an opportunity to register with the Placement Office. Assistance is given students in preparing and making desired contacts for placement upon grad-

uation by informing students of job opportunities, arranging interviews between employers and applicants, and helping students gather and present their credentials to prospective employers.

Representatives of various businesses and industries are invited to visit the College for discussion and personal interviews with students. The College, of course, does not guarantee a position, but makes every effort to assist alumni and seniors to obtain positions.

The Placement Office is located in Black Alumni Hall.

FINANCIAL AID FOR GRADUATE STUDY

Many graduate and professional schools offer excellent scholarships, fellowships, and assistantships for advanced study. Wofford takes pride in the large number of its graduates holding such graduate scholarships. Chairmen of all departments are glad to help Wofford graduates secure such grants. In addition, the Faculty Committee on Graduate Scholarships and Fellowships makes every effort to assist students in securing financial assistance for graduate and professional study.

STUDENT LINEN SERVICE

Students are required to furnish bed linens, blankets and towels. Service is provided on campus for renting these items from a private concern. Full information is mailed to each student one month prior to the beginning of the fall semester.

Student Regulations

General Statement

Registration as a student at Wofford College implies that the student will familiarize himself with the rules and regulations governing the conduct of students, and that he will abide by such regulations so long as he remains a student at the College.

Wofford College is not interested in formulating a complete set of detailed rules in order to control student behavior, but the College does expect the students at all times, and under all conditions, to govern their conduct in accordance with the generally accepted principles of good behavior. Wofford students are expected to conduct themselves at all times as gentlemen.

The College reserves the right to suspend, expel, or require a student to withdraw or to resign at any time his actions are not in accord with College policies or is failing to profit from the privilege of being a student.

A student suspended or expelled for infractions of regulations, or for other reasons, is not entitled to an honorable dismissal.

Students who desire to withdraw from the College should apply to the Dean of Students for permission to withdraw. The permanent record card of any student who withdraws without permission will carry the notation "Withdrew unofficially."

Drinking

Since Wofford is strongly opposed to the use of alcoholic beverages by students, a statement of policy is necessary in the interest of the College community.

The possession or consumption of alcoholic beverages, including beer, anywhere on the campus or in any College building, dormitory, or fraternity lodge is prohibited. There will be no open display of drinking at any social function given by an organization of the College held off or on the campus. Students returning to the campus obviously displaying evidence of the consumption of any alcoholic beverages, including beer, shall receive appropriate disciplinary action.

The College wishes to encourage and promote the highest

standards of conduct; therefore, ungentlemanly behavior on or off campus is also a violation of regulations.

Any disregard of these regulations will result in appropriate disciplinary action for the individual and/or any student organization. Violators may be punished by loss of social privileges, probation, suspension or separation from the College.

Hazing

Any type of physical punishment, humiliation, or intimidation by any student of another or other students is classified as hazing and is not permitted.

Conduct Violations

The Dean of Students is responsible to the President and Board of Trustees of the College for the enforcement of College policies and regulations governing student conduct. Major violations may be referred to the Judicial Council, consisting of an equal number of faculty and student members, or to the Administrative Disciplinary Committee. When campus organizations violate these regulations the matter may be referred to the Student Affairs Committee, a combined faculty-student committee, for disciplinary action.

Additional information concerning student conduct will be found in the Wofford *Terrier Tale* which is distributed to all students.

Automobile Regulations

All motor vehicles owned and operated on the campus by students, faculty, and staff members must be registered with the office of the Superintendent of Buildings and Grounds. The students will take care of this matter during the registration period or within 72 hours after they bring an automobile on campus. The campus includes the Memorial Auditorium parking lot.

Each student, faculty or staff member will be issued a decal which must be affixed permanently to the front windshield for the car to be properly registered. The cost to each student for this permit is \$1.00 for the college year, September through August.

The administration reserves the right to withhold or suspend

the privilege of automobile use by students if, in its opinion, such action is justified.

No Freshman living on the campus may keep an automobile or motorcycle at the College or in the vicinity of Spartanburg with the following exceptions: Those who are (1) over 21 years of age; (2) married; (3) physically handicapped (written verification from doctor); and (4) other exceptions in cases of extreme hardship. If eligible for one of these exceptions, the student must apply in writing or in person to the Dean of Students and, in turn, receive written approval.

However, any freshman who has a grade point ratio of 2.5 or better at the end of his first semester will, upon request, be permitted the same automobile privileges as upperclassmen.

The *Terrier Tale* contains the parking and traffic regulations.

RESIDENT STUDENTS

All students, except those coming daily from their homes, are required to live in the College residence halls. Exceptions to this regulation may be granted by the Dean of Students only when good reason for so doing exists.

All resident students are required to board in the College dining hall. Day students may purchase meal tickets from the Controller.

Students other than freshmen are assigned the rooms of their choice on the basis of class seniority. Upperclassmen who wish to retain the same rooms for another year must notify the Dean of Students in writing and make a \$25.00 non-refundable room reservation deposit by the end of the first week following spring holidays.

Freshmen, insofar as facilities permit, are assigned with their requested roommates in college housing designated for first-year students. All rooms rent for the same price. The majority of the rooms are designed for occupancy by two men. A few single rooms are available. Fraternity lodges do not offer living quarters except for two house managers in each lodge.

Responsible to the Dean of Students for the operation of the residence halls are the Supervisor of Residence Halls, the Associate Director of Housing and a College Hostess. The

Associate Director of Housing and the College Hostess also serve as Residence Hall Counselors. In addition to these, available to all students are the Dean of the College, the Dean of Students, the Assistant Dean of Students, the College Chaplain, the student's Faculty Advisor and the personnel members of the Counseling and Guidance Center. All of these personnel are available to students with personal problems and questions regarding procedures, policies, and other aspects of campus life.

Specially trained upper-class students, known as Hall Counselors, are assigned to the residence halls to lead in the organization of the residence group and to aid the other student residents in the solution of problems.

The Residence Halls Board of Standards which is a student board with representatives from each of the residence halls assists in the maintenance of discipline in the halls by hearing student cases referred to it by the Supervisor of Residence Halls. A discussion of the Residence Hall Program is contained in the *Terrier Tale*.

All dormitories are equipped with basic furnishings of single beds, mattresses, dressers, desks, and chairs. Residents are encouraged to obtain their own drapes, pictures, bedspreads, rugs and lamps after arrival at the College.

Students are expected to be financially responsible for the loss of their personal belongings through fire or theft.

CHAPEL ATTENDANCE

All students are required to attend chapel and assembly exercises. Specific attendance regulations are published in the *Terrier Tale*.

PUBLIC REPRESENTATION OF THE COLLEGE

No student on academic probation may represent the College in any extra-curricular activity. Any student or student group representing Wofford College must conform to all standards of eligibility governing such representation and must have the prior approval of the appropriate college official and must so conduct themselves as to reflect credit on the College.

Student Activities

Wofford College has numerous honor societies, professional fraternities and clubs, religious groups, and social organizations, which the student may join.

Student Government

Each student automatically becomes a member of the Student Government Association upon enrollment. Student government at Wofford College is a cooperative organization based on mutual confidence between the student body, the faculty, and the administration.

The organization is patterned on the state and national form of government, but adapted to the local needs of the Student Body. Powers are distributed into the three branches, (1) legislative (2) judicial, and (3) executive. A full outline of the Student Government Association may be found in the *Terrier Tale*.

Student Christian Council

Since 1879 there has been an active Young Men's Christian Association in the College. For better adaptation to local purposes this Association has developed into the present-day Student Christian Council.

The purpose of the Wofford Student Christian Council is to unify the student body into an interdenominational fellowship and to help develop a Christian college community. It strives to promote Christian leadership in campus affairs.

Alpha Phi Omega

Alpha Phi Omega is a national service fraternity whose membership is based upon leadership, character, service, and former or present membership in the Boy Scouts. Alpha Phi Omega engages in numerous worthwhile projects throughout the year.

Blue Key

Blue Key is a national honorary leadership fraternity for juniors and seniors. It is designed to honor those students who have been active in extra-curricular activities and who have maintained a scholastic record above the average.

The Block "W" Club

The Block "W" Club is an honorary organization. A student is eligible for membership only after he has won a letter in one of the six major sports: football, basketball, track, baseball, tennis, or golf.

Senior Order of Gnomes

The Senior Order of Gnomes gathers together from two to four of the most prominent and influential members of the Senior Class. Each year, near the end of the session, the retiring Senior Order elects the new members.

Circle K Club

Circle K is a national service organization sponsored by Kiwanis International. Membership is based on leadership, service, and character.

Circle K engages in several worthwhile projects throughout the year.

The Debate Team

Each year Wofford participates in a number of intercollegiate debates with the leading colleges and universities of this section. Teams are made up of men chosen in competitive try-outs and trained by members of the Faculty. The debates are scheduled and conducted under the supervision and control of a member of the Faculty.

Glee Club

The Glee Club's program of activities is designed to give qualified students the opportunity to develop and use choral music skills. Through the regularly scheduled rehearsals, instruction in music and the techniques of singing is given to help the group become better prepared for its numerous public appearances. A spring tour is planned in addition to local and out-of-town performances on other occasions. Some scholarship aid is available. For information, write to Director of Music.

Band

Students with previous instrumental experience are eligible to participate in the activities of these groups upon application to and acceptance by the Director. The CONCERT BAND, PEP BAND and the R.O.T.C. BAND function throughout the year. In addition to its weekly military duties, the R.O.T.C. BAND also performs at all home and some out-of-town football games. The CONCERT BAND is sponsored jointly by both Converse and Wofford Colleges, and this organization offers to the most

proficient players from both schools the opportunity to perform the finest band literature. Some instruments are furnished by the College and R.O.T.C. unit. However, it is suggested that members of all bands use their own instruments if possible. Some scholarship aid is available. For information, write to the Director of Music.

Pi Gamma Mu

Pi Gamma Mu is a national social science honor fraternity. The purpose of this fraternity is to ingrain in its members the ideals of tolerance, idealism, and scientific procedure in dealing with the complex social problems of our day. This fraternity, which enrolls students with high ratings in social science courses, does not seek to support any particular economic pattern for society. It does, however, encourage its members to adopt objective research and painstaking fact-finding before coming to any specific decision.

Delta Phi Alpha

Delta Phi Alpha, the national honorary German fraternity, seeks to honor excellence in German and to give students thereby an incentive for higher scholarship. Upperclassmen of high scholastic standing in German are eligible to membership.

Sigma Delta Pi

Sigma Delta Pi is the national honorary Spanish fraternity which honors excellence in Spanish. It is open to upperclassmen who have exhibited their skill in both the written and the spoken language.

Student Affiliate Chapter Of A.C.S.

This is a local chapter of undergraduates affiliated with the American Chemical Society. A charter was grant-

ed the Wofford society in 1949. The aims of this student group are pre-professional and are achieved through bi-monthly meetings. Lecture-demonstrations of new processes and theories of general interest are presented in the meetings of the organization.

Pre-Medical Society

The Pre-Medical Society was organized in 1946 for the purpose of acquainting the pre-medical students with the field of medicine and furthering their interest in the profession. Lectures by prominent persons in the field of medicine feature the monthly meetings, and one meeting each year is of the lyceum type, with the public invited to attend. Membership in the society is limited to Juniors and Seniors.

Scabbard and Blade

Scabbard and Blade is a national honorary leadership fraternity. Its purpose is to honor students enrolled in Advanced Military Science, who, in addition to maintaining a high scholastic average, have demonstrated outstanding leadership traits. Selections are made near the end of the year by the graduating members and the professors of Military Science.

Counterinsurgency Company

The Counterinsurgency Company is composed of volunteers who desire to participate in the more rugged side of military training. This company conducts an intensive physical conditioning program for each assigned individual as well as conducting tactical training and special warfare-type training in the Camp Croft training area.

Morgan Rifles

A Wofford Chapter of the Pershing Rifles was founded in May of 1959. In May of 1962 the unit voted to with-

draw from the Pershing Rifles National Organization and rename the unit "Morgan Rifles" in honor of the Revolutionary War Hero, General Daniel Morgan. Guidon and uniforms were redesigned utilizing the Wofford school colors. The unit now has more local significance while still retaining the mission of developing and recognizing outstanding leadership.

This select drill team performs intricate drill maneuvers and represents the College in parades and other activities throughout the state. The unit is commanded by a Cadet Lieutenant and is composed of Juniors, Sophomores and outstanding Freshmen who are members of the ROTC Cadet Corps.

Rifle Team

The ROTC Rifle Team is a charter member of the Western Carolina Rifle Conference and as such competes with other conference members on a reciprocal basis. Members of this team may be awarded a school letter for their participation in this activity.

Ski Club

The purpose of this group is to engage the interest of amateur skiing in all aspects and shall function as a recreational, social, nonprofit organization. Membership is open to any student of Wofford College.

Hyperopics

The Hyperopics Club was chartered at Wofford College in 1967. It is dedicated to the belief that fundamental truths belong to all disciplines and that the truly educated man pursues these truths across the line of academic disciplines. This discussion group meets monthly and directs itself to the pursuit, absorption, and rational use of knowledge unswerved by disciplinary bias. Membership is limited to a maxi-

Andrews Field House

mum of two senior representatives from each academic department granting a major.

Social Fraternities

Fraternities exist at the will of the institution, on this campus as is the case elsewhere. The purpose and activities of such groups shall be consistent with the main objectives and formal organization of the College. No organization shall require of its members any activity incompatible with scholastic attainment and spiritual growth, which are the primary objectives of the College. Thus, fraternities can justify their existence as members of the College community only so long as they contribute to and do not detract from the basic purposes of the College.

Specific regulations concerning fraternity organizations may be found in the *Terrier Tale*.

The following social fraternities have chapters in the College: Delta Sigma Phi, Kappa Alpha, Kappa Sigma, Pi Kappa Alpha, Pi Kappa Phi, Sigma Alpha Epsilon, and Sigma Nu.

Athletics

INTRAMURAL SPORTS

Provision is made for organization and participation of intramural teams in various sports, including volley ball, softball, baseball, touch football, paddleball, paddle tennis, golf, ping-pong, blitzball, track and field, tennis, and basketball. All students are urged to participate in these sports because of their influence upon the building of healthy bodies and the development of character.

INTERCOLLEGIATE ATHLETICS

A program of intercollegiate athletics is recognized as an important part of college life, and, on account of its educational values, the College gives to it encouragement and direction. The College believes in high amateur standards for intercollegiate athletics. The College is a member of the National Association of Intercollegiate Athletics, and the college conforms to the rules and requirements of this association.

Wofford fields intercollegiate teams in football, basketball, baseball, track, tennis, and golf.

THE PUBLICATIONS BOARD

The Publications Board is composed of four faculty members appointed by the President of the College and five student members elected to represent the three upper classes and the student body at large.

This Board exercises financial control over the three principal student publications and elects their editors-in-chief and business managers. However, it is at the service of the student staffs for suggestions or advice concerning their work.

Publications under the jurisdiction of the Board are the *Old Gold and Black*, a weekly newspaper; the *Journal*, a literary magazine; and the *Bohemian*, a year book.

No student publication may be started at the College without the approval of the Publications Board.

The following publications afford, to those students who

have special aptitude for such matters, excellent training in journalism and in business management. Interested students are assisted and encouraged by the Faculty in their efforts.

The Old Gold and Black

The *Old Gold and Black* is a newspaper edited by the students. It keeps the record of the news and happenings of the campus, together with editorial comments and interpretations of matters of special interest to students.

The Journal

The *Journal* was established in 1889 and is a magazine intended to represent the best intellectual life of the student body. In addition to its editorials, the material in it consists of essays on serious topics, stories, and poems, and the method of treatment is literary in character. It is published five times during the school year.

The Bohemian

The *Bohemian* is a handsome, illustrated volume published annually

near the close of the year by the student body. It is a history of the Senior Class throughout its college course, and a record of all student activities and achievements for the current year—literary, oratorical, athletic, social, and religious—and the illustrations include photographs of various groups and college organizations and pictures of campus scenes and buildings.

The Terrier Tale

This is the student handbook. It is published and distributed to the student body each September. The Administration appoints a student editor and business manager, with the Dean of Students as adviser to the student staff. The *Terrier Tale* is a valuable source of information on practically all phases of student life.

HONORS

The degree of Bachelor of Arts or Bachelor of Science with honors is conferred under the following rules:

Students who have completed a minimum of ninety-two semester hours in Wofford College are eligible for general honors at graduation. Those who earn an average of at least three and one-half quality-points per semester hour are recommended for a degree *magna cum laude*. Those who earn three and three-fourths quality points per semester hour are recommended for a degree *summa cum laude*. All semester hours taken in Wofford College on which the students receive a grade are counted in the determination of honors.

PRIZES AND MEDALS

THE HOWARD B. CARLISLE MEDAL IN ORATORY.—Medal given annually to the winner of the Oratorical Contest by Mr. Howard B. Carlisle, Jr. This prize was begun a number of years ago by Mr. Howard B. Carlisle.

THE HELMUS POETRY PRIZE.—As a result of a generous gift by Mr. Andrew Helmus in 1957, three prizes, first \$25, second \$15, third \$10, will be given annually to students submitting the best original poems to a faculty committee.

THE HERALD-JOURNAL AWARD IN JOURNALISM.—Four prizes of \$25 each given by Mr. Phil Buchheit, publisher of the *Spartanburg Herald-Journal*, for the best editorial, the best feature story, the best news story, and the best sports story appearing in the *Old Gold and Black* during the year.

THE ALGERNON SYDNEY SULLIVAN AWARD.—Bronze medallions awarded annually by the College through the benefaction of the Southern Society of New York to a Senior student and one other person who is not a student of the institution, who need not be a graduate of any college or university, but who shall have some interest in, association with, or relation to said institution, official or otherwise, of a nature to make this form of recognition by said institution obviously appropriate and insure his or her proper appreciation of the same. These awards are based solely on the recognition of nobleness and humanitarian qualities of character.

DEPARTMENTAL AWARDS

Departmental awards are granted each year to outstanding Senior students in the various departments of the College. These awards are made on the basis of academic achievement, character, and intellectual promise. Not more than one such award is made in any one year by a department.

JAMES CARR LOFTIN, B.S., M.S., Ph.D., 1941
Professor of Chemistry, 1949
 B.S., Virginia Military Institute; M.S., Ph.D., University of North Carolina

PAUL STROMAN LOFTON, JR., A.B., M.A., 1965
Instructor in English, 1965
 A.M., Wofford College; M.A., Duke University

SAMUEL FRANK LOGAN, A.B., A.M., 1947
Associate Professor of History
 A.B., Wofford College; A.M., Duke University

GEORGE SMITH McCOWEN, JR., B.A., M.A., Ph.D., 1962
Assistant Professor of History, 1962
 B.A., The University of the South; M.A., Emory University

MAJOR JAMES ALBERT McCUE, B.S., 1962
Assistant Professor of Military Science, 1962
 B.S., Tennessee Polytechnic Institute

CHARLES FRANKLIN MARSH, A.B., A.M., Ph.D., 1958
Professor of Economics, 1958
 A.B., Lawrence College; A.M., Ph.D., University of Illinois

VINCENT EARL MILLER, B.A., Ph.D., 1957
Professor of English, 1965
 B.A., New York State College for Teachers; Ph.D., University of Minnesota

- LAWRENCE EDWARD MOORE, B.S., Ph.D., 1966
Assistant Professor of Chemistry, 1966
 B.S., Davidson College; Ph.D., University of Tennessee
- ROBERT HORSEFALL MUIRHEAD, B.S., 1962
Assistant Football & Track Coach
 B.S., Erskine College
- DANIEL WAYNE OLDS, A.B., Ph.D., 1963
Associate Professor of Physics, 1966
 A.B., Wabash College; Ph.D., Duke University
- WILLIAM ALONZO PARKER, A.B., M.A., 1958
Associate Professor of Physics, 1958
 A.B., Davidson College; M.A., Duke University
- ERNEST GIBBES PATTON, B.A., M.A., Ph.D., 1963
Associate Professor of Biology, 1963
 B.A., Yale University; M.A., University of North Carolina;
 Ph.D., Duke University
- HOWARD MCIEVER PEGRAM, A.B., A.M., 1955
Associate Professor of Mathematics, 1955
 A.B., Wofford College; A.M., Duke University
- DAVID HYDE PRINCE, A.B., M.A., Ph.D., 1958
Professor of Education and Psychology, 1966
 A.B., M.A., Wofford College; Ph.D., University of North Carolina
- CLARENCE GEORGE RAY, B.S., M.A., 1966
Instructor in Economics, 1966
 B.S., College of Charleston; M.A., University of South Carolina
- RICARDO FERNANDEZ REMIREZ, B.A., Ph.D., 1964
Instructor in Spanish, 1964
 B.A., De La Salle; Ph.D., University of Holguin
- RICHARD LONG ROBINSON, B.S., M.A., Ph.D., 1966
Assistant Professor of Mathematics, 1966
 B.S., Wofford College; M.A. and Ph.D., University of Tennessee
- WILLIAM WOODROW SCHEERER, B.S., A.M., 1947
Professor of Physical Education, 1947
 B.S., Memphis State College; A.M., Columbia University
- BATES LUPO SCOGGINS, A.B., A.M., 1956
Associate Professor of History, 1956
 A.B., A.M., Wofford College

- DONALD MARCEL SCOTT, B.A., M.A., 1966
Assistant Professor of Psychology, 1966
 B.A., M.A., Florida State University
- JOSEPH SECONDI, A.B., A.M., 1957
Associate Professor of English, 1957
 A.B., A.M., University of Virginia
- JAMES EDWARD SEEGARS, A.B., M.A., 1962
Associate Professor of Psychology, 1966
 A.B., The Citadel; M.A., University of South Carolina
- CONLEY TRIGG SNIDOW, B.S., 1953
Director of Athletics
 B.S., Roanoke College
- DONALD SHELDON STANTON, A.B., S.T.B., M.A., Ed.D., 1965
Lecturer in Psychology, 1965
 A.B., Western Maryland College; S.T.B., Wesley Theological Seminary; M.A., American University; Ed. D., University of Virginia
- BOBBY GENE STEPHENS, B.S., M.S., Ph.D., 1963
Assistant Professor of Chemistry, 1964
 B.S., Wofford College; M.S., Ph.D., Clemson College
- DUANE AUSTIN STOVER, B.S., M.S., 1963
Assistant Professor of Physical Education & Athletic Trainer, 1963
 B.S., Mankato State College; M.S., Indiana University
- COLONEL HAROLD STOVER, B.S., M.A.
Professor of Military Science
 B.S., Pennsylvania State University; M.A., George Washington University
- THOMAS VERNON THOROUGHMAN, B.A., M.A., 1966
Assistant Professor of History, 1966
 B.A., M.A., Emory University
- JOHN TAYLOR VARNER, III, B.S., M.A., 1966
Instructor in Mathematics, 1966
 B.S., Wofford College; M.A., University of Tennessee
- WILLIAM MAC WILSON, A.B., B.D., Ph.D., 1961
Assistant Professor of Religion, 1961
 A.B., Birmingham-Southern College; B.D., Ph.D., Vanderbilt University

CAPTAIN DONALD DEAN WITMYER, A.B.
Assistant Professor of Military Science
 A.B., Lafayette University

WILLIAM WOODROW WRIGHT, JR., B.B.A., M.A., Ph.D., 1959
Associate Professor of Economics, 1962
 B.B.A., M.A., University of Georgia; Ph.D., University of Alabama

PROFESSORS EMERITI

WILLIAM RAYMOND BOURNE, A.B., A.M.
John M. Reeves Professor of Modern Languages, Emeritus
 A.B., Wofford College; A.M., University of North Carolina

CHARLES FRANKLIN NESBITT, A.B., B.D., A.M., Ph.D.
John M. Reeves Professor of Religion, Emeritus
 A.B., Wofford College; B.D., Emory University; A.M., Ph.D., University of Chicago

CLARENCE CLIFFORD NORTON, B.S., A.M., Ph.D., LL.D.
John M. Reeves Professor of Sociology, Emeritus
 B.S., Millsaps College; A.M., Emory University; Ph.D., University of North Carolina; LL.D., Wofford College

RAYMOND AGNEW PATTERSON, A.B., A.M.
Professor of Chemistry, Emeritus
 A.B., Wofford College; A.M., Wofford College

JOHN LEONARD SALMON, A.B., A.M.
John M. Reeves Professor of Foreign Languages, Emeritus
 A.B., Centre College; A.M., Harvard University

EDWARD HAMPTON SHULER, B.S.
Professor of Applied Mathematics, Emeritus
 B.S., Clemson College

COMMITTEES OF THE FACULTY*

Advisory Council: Patton, Coates, Coker, Hubbard, McCowen

Athletics and Physical Education: Parker, Green, Kennedy, Scheerer, Scoggins, Snidow

Curriculum: Chewning, G. S. Adams, Covington, Leonard, Olds, Scoggins, Wright

*First name on committee designates chairman. The President is *ex-officio* member of all committees except Judicial Council.

Foreign Students and Foreign Study: Wilson, Christensen, Coker, Fernandez, Forbes, Lofton, Stephens

Graduate Scholarships and Fellowships: Coates, Bass, Christensen, Dobbs, Hartman, Loftin

Honorary Degrees: Loftin, Chewning, Pegram

Lectures and Concerts: Stanton, Coker, Harrington, Lesesne, Lofton, Secondi

Library: McCowen, Anderson, Colloms, Harrington, Hucks, Olds

Orientation: Prince, Covington, Logan, Patton, Scoggins, Wright

Publications Board: Pegram, Caldwell, Cavin, Green

Religious Life: Bullard, F. T. Adams, Harper, McCue, Stanton

ROTC: Stover, Alexander, Covington, Logan, McCue, Scoggins

Special Awards: Logan, Chewning, Covington, Prince, Stephens

Superior Students: Bullard, Coates, Hall, Miller, Stephens

Student Activities: Logan, Bayard, Bell, Bryan, Lesesne, Ramirez, Witmyer

Teacher Education: Prince, F. T. Adams, G. S. Adams, Coker, Dobbs, Hill, Miller, Scheerer

Degrees Conferred, 1966

BACHELOR OF ARTS DEGREE

Tillman Jesse Abell, Jr.	William Martin Graham
John Anthony Abrams	Frank Barron Grier, Jr.
John Leonard Allen	James Allen Grigsby, Jr.
James Perrin Anderson, Jr.	John Freeman Gunter
John Drew Bateman	Dennis Lorenz Guthrie
William Jones Bates	Ralph Stephen Hefner
Bruce Allen Bauknight	Pierce Hunter Hegler, Jr.
Marion Worth Beacham, Jr.	James Franklin Henderson, Jr.
James Louis Beck, Jr.	Walter Harvey Hendley, III
Joseph Robert Beckholt	John Patrick Henry
Clyde Kent Bishop	Roger Howard Henry, Jr.
Albert Hertz Bonnoit, Jr.	Richard Lester Hiers
Joseph Alfred Borum, Jr.	John Whitley Hinks
Harry Kenneth Boucher, Jr.	Thomas Munnerlyn Hodges, III
Richard Venton Bridges, II	Robert Nelson Hogan
Hellon Trout Brock	John Teddy Holloway
James Neil Brown	George Walker Hudson, Jr.
Thomas Claudius Bush	James Howard Hughes
John Arant Butler	Edward Marion Hull
Thomas O'Connor Camp	John Dillard Jacobs
Henry Oliver Cannon, III	Albert Lafayette Johnson, Jr.
James Clark Carroll	Weldon Ray Johnson
Thomas David Carter	Bobby Dean Jolley
Charles Allen Case	Alvin Shedrick Jolly, III
Richard Felder Cecil, Jr.	Michael Parris Kellett
Skinner Ambrose Chalk, III	Gerald Alan Kelly
Marion Cecil Chandler, Jr.	Kenneth Miller Kinzie, II
James Walker Childers, III	John Land, Jr.
Robert Harry Collins, Jr.	Forney Fennimore Lawing, Jr.
Joseph Murray Cox, Jr.	Kenneth Cecil Lawson
George Eugene Crosland, Jr.	John Robert Lawter
Hampton Houser Culler	James Richard Leavelle
John Hayne Culler	Wendrell Wayne Lee
Billy David Dayvault	Thomas Norwood Lide, Jr.
Richard Addison Deahl	Frank Finucan Limehouse, III
Robert Leroy Dickinson, Jr.	Terry Wayne Lipscomb
Patrick Bruns Dickson	William David Lovell
Sydney Augustine Dursse	Walter Edwin McDaniel, III
John Gressette Felder	James Marion Mathias
Joseph Allan Few, Jr.	Fredrick Bruce Mauney
John Gilbert Fulmer, Jr.	Edward Bryan Michaux, Jr.
Allen Theodore Gantt, Jr.	William Riley Milhous
George Ralphon Geer, Jr.	Jeff Daniel Moss
Paul Watson Gilliam	Govan Thompson Myers, Jr.
Edward Davis Gilmer, Jr.	Robert Furman O'Dell
James Gradford Graham	William Fred O'Dell

BACHELOR OF ARTS DEGREE (Cont.)

Thomas Dean Owens, Jr.	Andrew Kime Temples, Jr.
John Edwin Pettett, Jr.	William Sheddie Tetterton
Paul McKinley Pittman, Jr.	Douglas Nolen Tinsley
Philip Lewis Preston	Ralston Wright Turbeville
Gerald Moore Prince	James Joseph Turner
John Francis Register, Jr.	John Robert Van Landingham, Jr.
Willie Ray Ridgeway	Clair Meek Walizer, Jr.
Randall Martin Robinson	Phillip Elmore Walker
Richard Francis Scott	Johnny Steven Watkins
Austin Dean Shoneke	Fred Alton Watson
Edward Hope Shuford, Jr.	Thomas Daniel Whetsell
Colin Elias Simmons	Charles Paul Wieland
John Prentiss Stansel, III	Bobby Lee Watkins
Christopher Blohme Staubes, Jr.	Tandy Rice Willis, III
John LeRoy Steele, Jr.	Robert Douglas Wilson
Jack Mizell Stringfield	Clarence Rauch Wise
James Kenneth Sullivan	Adams Arnold Wofford
Clarence Edward Taylor, Jr.	William Austin Wood, Jr.
Willie Senn Teague	

BACHELOR OF SCIENCE DEGREE

Samuel Daniel Black	Ashley Zachary Jolley
Richard Keith Bogan	Kenneth Glenn Lawson
James C. Bost	John Guyton McLeod, Jr.
James Lewis Bowers	Murray O'Neil Meetze, Jr.
Alfred Brevard Boykin, Jr.	Marvin Clifton Moore, Jr.
Robert Baxter Bradley	Alvin Jennings Odom, Jr.
Samuel Alexander Brown, Jr.	Ralph Phillips, Jr.
Thomas Roy Burriss	Charles Henry Poole, III
Ronald Philip Cartrette	Dale Baker Purcell, Jr.
Rhude Cherry, Jr.	Bozman Rell Reeves, Jr.
William Roy Cook, Jr.	Edgar Clement Ridgell, Jr.
Roger Burns Culbreth	William James Rives, Jr.
Edgar Phillip Davidson, Jr.	Norman Leo Robertson
William Thomas Divver, Jr.	William Mitchell Ryan
David Franklin Edwards	Paul DeWitt Seabrook, Jr.
Frank Walker Farnum, III	John William Simmons, Jr.
Duncan Stokes Felder, Jr.	Charles Milton Sisco, Jr.
John Mayer Fly	Charles Carroll Thomas, II
Lloyd Eugene Hayes, Sr.	Joseph Lincoln Tolbert, Jr.
Raleigh Rogers Haynes	Robert Kenneth Williams
Cecil Scott Henson	Ronald Wayne Williamson
William Lawrence Howell, III	Harry Thomas Witmer
Harold William Jablon	William Thomas Zettler

HONORS IN GRADUATING CLASS

Summa Cum Laude

William Jones Bates	Bruce Allen Bauknight

Visits To The Wofford College Campus

Parents, students, alumni and friends are cordially invited to visit the Campus. On the opposite page is a map of the Campus. Visitors should report to DuPre Administration Building (Building number 1) for information and assistance. Administrative offices are open on weekdays from 9:00 until 5:00 and on Saturdays from 9:00 until 12:30, except holidays. The College's telephone switchboard is open weekdays and Saturdays from 9:00 A.M. until 11:00 P.M. On Sunday the switchboard is open from 1:00 P.M. until 5:00 P.M. and from 6:00 P.M. until 11:00 P.M. The switchboard maintains the same hours as the administrative offices (see above) when classes are not in session because of holidays. The College's telephone number is Area Code 803, 585-4821.

LEGEND
